DATE RAPE DRUGS AND THEIR FORENSIC ANALYSIS: AN UPDATE

Rishi Pal^{*} & Anil Kumar Teotia^{**}

Abstract

Drug assisted crimes are increasing world wide. Use of date rape drugs is quite common and increasing in developed as well as developing countries. Date rape drug refers to any drug that can be used to assist in the commission of a sexual assault (date rape). Drink spiking may also be undertaken for amusement purposes as well. Drugs used to facilitate rape may have sedative, hypnotic, dissociative, and/or amnesiac effects, and may be added to a food or drink without the victim's knowledge. The drugs like benzodiazepines, gamma-hydroxybutyric acid, ketamine and alcohol are common and used in most of the sexual and non sexual act of violence. These drugs are mixed in food, drinks or given in alcohol by the perpetrator before commit the crime. This article will provide some light on the informations regarding the drugs which are commonly used in sexual assaults, their pharmacology, uses & misuses and their forensic analysis.

Keywords: Date Rape Drugs, Benzodiazepine, Flunitrazepam, Ketamine, Alcohol, Forensic Analysis.

Introduction

In recent years the media has widely publicized incidences of sexual assault where the perpetrators have used drugs to debilitate the persons they assault. While this is not a new phenomenon, drug-facilitated sexual assault has only recently become widely recognized. Yet the most common

and prevalent date rape drug, alcohol, is still not readily recognized as a tool used by perpetrators.^{1,2} In fact, almost half of the sexual assaults that young adults experience take place under the influence of alcohol. The use of date rape drugs clearly illustrates how sexual assaults are planned and premeditated events. Perpetrators of sexual assault use date rape drugs as a method to incapacitate their victim and to ensure that she/he will not be able to resist the assault. In addition, using date rape drugs ensures that the survivor will not recall enough details about the assault to prosecute the perpetrator. The most well known date rape drug is flunitrazepam, which is more commonly known as "rohypnol," "roofies," or "the forget pill." Rohypnol's effects vary depending on the dosage that one is given, but they range from sedation to stage-4 coma (rohypnol is ten times more potent than valium). After consuming the drug, it takes 20-30 minutes before its sedative effects begin, and the effects can last from 8-24 hours. As well as being a strong sedative, it also causes short-term memory loss. Together these properties make rohypnol a dangerous date rape drug, and when it is mixed with alcohol it is even more dangerous because it can lead to severe intoxication and even death.

Gamma-hydroxybutyrate (GHB) is a fairly common drug with a variety of side effects, and thus has a wide range of users. For instance, some weightlifters use it for its muscle growth enhancing properties, some recreational drug users take it in combination with other drugs, and some individuals use it for its prosexual side effects (such as disinhibition and heightened sense of touch). It is inexpensive and easy to synthesize. GHB takes 15-20 minutes to begin having sedative effects that can last a couple of hours. High dosages can have negative side effects such as vomiting, respiratory depression,

Date Rape A Feminist Analysis Springer:

Applied Epistemology Jennifer Lackey, 2021-05-06 Applied epistemology brings the tools of contemporary epistemology to bear on particular issues of social concern While the field of social epistemology has flourished in recent years there has been far less work on how theories of knowledge justification and evidence may be applied to concrete questions especially those of ethical and political significance This volume fills this gap in the current literature by bringing together leading philosophers in a broad range of areas in applied epistemology The potential topics in applied epistemology are many and diverse and this volume focuses on seven central issues some of which are general while others are far more specific epistemological perspectives epistemic and doxastic wrongs epistemology and injustice epistemology race and the academy epistemology and feminist perspectives epistemology and sexual consent and epistemology and the internet Some of the chapters in this volume contribute to and further develop areas in social epistemology that are already active while others open up entirely new avenues of research All of the contributions aim to make clear the relevance and importance of epistemology to some of the most pressing social and political questions facing us as agents in the world Platforming Cancel Culture Páraic Kerrigan, Elizabeth Farries, Eugenia Siapera, 2025-08-27 Platforming Cancel Culture Digital Media Identity and Cultural Intersections delves into one of the most polarizing phenomena of the digital age Bringing together global intersectional and interdisciplinary perspectives this edited collection unpacks the evolving dynamics of cancel culture examining its practices and implications across diverse political and cultural landscapes While some hail cancel culture as a tool for social justice amplifying marginalized voices and calling out systemic inequalities others critique it as performative virtue signalling or a form of censorship This book navigates these tensions by analysing the complex interplay of digital platforms and governance mechanisms that shape cancel culture It explores how platform architectures enable or resist cancel practices how narratives and media discourses surrounding cancel culture are constructed and contested and how these dynamics differ across national and cultural contexts The contributors engage with cutting edge research and offer localized insights from a range of contexts including India South Africa China Southeast Europe the United States and Russia to challenge the universalizing assumptions often made about cancel culture Methodologically diverse the book employs sentiment and corpus analysis digital ethnography interviews case studies and critical cultural studies to provide a multifaceted examination of this volatile site of politics and cultural expression By weaving together perspectives from the humanities social sciences and cultural studies Platforming Cancel Culture presents a nuanced understanding of how cancel culture functions as a driver of accountability and a locus of contested power This collection is an essential resource for scholars students and anyone seeking to critically engage with the intersections of digital media culture and identity in the 21st century *Sexual and Physical Violence in Australian Punk and Hardcore Music Scenes* Ash Barnes, 2025-02-18 Focused on the Australian punk and hardcore music scene this book provides an innovative balance between the

acknowledgement of harm and the celebration of pleasure in live music spaces Despite decades of advocacy within vibrant music communities stories of sexual and physical violence persist Although anecdotally common in alternative music cultures the interpretation and experiences of harm have remained absent from criminological analysis Gradients of harm dictate and frame certain behaviour as unacceptable or encouraged under specific social conditions As explored through qualitative research interviews and the author's lived experience violence within music scenes is a complex personal and collective experience Issues such as discrimination social inequality stereotyping and rape myth acceptance are instrumental in shaping how people in the punk and hardcore scenes fail to recognise minimize and dismiss violence in their community This text questions how and why some people are worthy or unworthy victims of crime and why harmful behaviour continues within these spaces Sexual and Physical Violence in Australian Punk and Hardcore Music Scenes will be of interest to researchers in the field of criminology and sociology but is also applicable to a wider academic audience interested in violence deviance and subcultures

Social Impact of Research in Psychology Marta Soler-Gallart, Erica Rosenfeld Halverson, Sara Cadavid, 2022-02-08

Conversations with Maida Springer Yvette Richards, 2004 Harlem in the early 1920s was humming with cultural and political energy Marcus Garvey was proclaiming the rights of African Americans as the leader of the Universal Negro Improvement Association and leading boycotts against local businesses in his don't buy where you can't work campaign Radical orators shouted from soapboxes on the street dynamic black intellectuals such as W E B Du Bois and Paul Robeson were asserting in print the struggle for racial equality and the progressive literary groundswell known as the Harlem Renaissance was just getting started Maida Springer was a child stuffing leaflets for her best friend's father a member of the Brotherhood of Sleeping Car Porters and listening in awe to the stirring rhetoric all around her

Preventing Sexual Violence on Campus Sara Carrigan Wooten, Roland W. Mitchell, 2016-12-01 Amid the ongoing national conversation regarding campus sexual assault this book thoughtfully explores existing programmatic interventions while wrestling with fundamental questions regarding the cultural shifts in our nation's higher education institutions Stressing the critical importance of student inclusion in policy decisions and procedures scholars and experts provide complex and nuanced analyses of institutional practices while exploring themes of race sexuality and sexual freedom This volume addresses many of the unanswered questions in the present dialogue on campus sexual violence including What's working and not working How can outcomes be assessed or measured What resources are needed to ensure success This volume provides a truly fresh contribution for higher education and student affairs practitioners seeking to alter design or implement effective sexual assault prevention resources at their universities and colleges

Violence, Gender and Justice Maggie Wykes, Kirsty Welsh, 2008-12-19 This is a very impressive piece of thorough scholarship It is an important book that highlights the need to consider gender when developing policies to respond to interpersonal violence It is written in a clear and accessible style and should be required reading for all criminal justice students Dr Malcolm Cowburn Sheffield Hallam University This

comprehensive text provides an overview of the relationship between violence gender crime and justice It brings together theory with contemporary cases to enable the reader to understand the key concepts issues and connections involved Enlightening and accessible the book examines the experiences and treatment of men and women as victims and criminals It explores whether and how offending patterns differ according to gender and investigates the connections between gender offending and victimisation The book covers different types of inter personal violence including sexual violence domestic violence domestic murder male on male violence and child abuse It explores how sexual and domestic violence have been represented in the media in the law and in criminal justice processes Not only does the book present a comprehensive introduction to the field it also offers reflective questions at the end of each chapter to enable the reader to integrate and interrogate the material covered Chapter summaries and annotated bibliographies enhance the learning process by helping students to consolidate and further investigate key points This book is essential for students and academics in criminology criminal justice sociology and gender studies

Women's Lives Claire A. Etaugh, Judith S. Bridges, 2023-02-24 *Women's Lives* integrates the most current research and social issues to explore the psychological diversity of girls and women varying in age ethnicity social class nationality immigrant experience sexual orientation gender identity ableness and body size and shape The text embeds a lifespan perspective within each topical chapter and has an intersectional approach that integrates women's diverse identities It includes rich coverage of women with disabilities and on middle aged and older women throughout Taking a deeper transnational focus it also examines the impact of social cultural and economic factors in shaping women's lives around the world This edition explores the latest areas of research and tackles important contemporary topics such as feminization of immigration media portrayals of LGBTQ individuals and immigrants regulating testosterone levels in women's sports disorders of sexual development nonbinary identity the effects of social media on body image sizeism new classification of sexual disorders menstrual equity and the tampon tax migrant women as transnational mothers academic environment for low income ethnic minority and immigrant women effects of the COVID 19 pandemic on women's employment and work family balance the dilemma of unpredictable work hours healthcare barriers experienced by immigrant women and LGBTQ individuals MeToo movement vigilante gender violence the fourth wave of feminism the role of immigrant women and ethnic minority women in grassroots feminist activism men's support of feminist issues and more Boasting a new full color design and rich with pedagogy the book includes several boxed elements in each chapter In The News boxes present current news items designed to engage students in thinking critically about current gender focused events and issues The What You Can Do boxes give students examples of applied activities that they can engage in to promote a more egalitarian society Get Involved boxes ask students to collect data and to critically think about the explanations and implications of the activity's findings Learn About the Research boxes expose students to a variety of research methods and highlight the importance of diversity in research samples by including studies of underrepresented

groups At the end of each chapter What Do You Think questions foster skills in critical thinking synthesis and evaluation by asking the student to apply course material or personal experiences to provocative issues from the chapter The If You Want to Learn More feature provides names of the most current books available on various topics that are discussed in the chapter Combining up to date research with an approachable and engaging writing style Women s Lives is an invaluable resource for all students of gender from psychology women s studies gender studies sociology and anthropology **The Philosopher's Index** ,1991 Vols for 1969 include a section of abstracts **The Impact of Violence on the Family** Dean M. Busby,1996 Providing a comprehensive overview of treatment approaches this text is divided into two main sections intrafamilial violence violence that occurs between family members and extrafamilial violence violence that is inflicted on a family member from someone outside the family In addition to the ecological perspective several major themes are evident throughout the book making violence the primary focus of therapy emphasizing relationships in the healing process empowering survivors of violence and focusing on resiliency and strength **Women's Minds/women's Bodies** Joan H. Rollins,1996 Women s Minds Women s Bodies The Psychology of Women in a Biosocial Context by Joan H Rollins is a scholarly yet intriguingly readable new book that integrates pertinent material from psychology sociology biology economics and political science to the psychology of women within a feminist empiricist framework Comprehensive and interdisciplinary Women s Minds Women s Bodies provides a balanced presentation of the broad spectrum of theory and research in the subject area no matter how controversial Treated holistically the subject matter illustrates how the topics presented have relevance and meaning for the challenges women face in today s world while experiential accounts of individual women throughout the book are used to complete and humanize the picture painted by quantitative data *The American Psychologist* ,2007-10 Includes proceedings of the 54th 55th annual meetings of the association 1946 47 and proceedings of meetings of various regional psychological associations **The International Encyclopedia of Sexuality: Spain to the United States** Robert T. Francoeur,1997 Recipient of the Citation of Excellence for an Outstanding Reference Work of Sexology awarded by the American Foundation for Gender and Genital Medicine and Science at the Thirteenth World Congress of Sexology Valencia Spain **Psychology and the Legal System** Lawrence S. Wrightsman,Michael T. Nietzel,William H. Fortune,1998 This engrossing text examines the legal system through the use of psychological concepts methods and research results It seeks to clarify the basic dilemmas that persist in the legal system and looks at the ethical moral legal and psychological gray areas of the law including coverage of such topics as competence to stand trial pretrial publicity and resulting changes in venue criminal profiling civil case law and civil procedures the rights of children capital punishment the psychology of criminal trials the insanity defense expert forensic testimony and analysis of eyewitness identification and lineup procedures This edition balances discussion of the legal system with psychological theory concepts and research **Teaching Science and Health from a Feminist Perspective** Sue Vilhauer Rosser,1986 **Sexuality in America** Robert T. Francoeur,1998

Members of the Society for the Scientific Study of Sexuality describe virtually every aspect of American sexual behavior and values. The volume contains sections on basic premises, religious and ethnic factors, autoerotic patterns, heterosexual and homosexual behaviors, cross-gendered persons, and u

New Books on Women and Feminism, 2004 **Philosophy and Sex** Robert Baker, Kathleen J. Winingger, Frederick Elliston, 1998. Greatly expanded and updated the third edition of this book retains such classic essays as the Shulamith Firestone Robert Solomon debates over love and feminism and includes new selections on abortion, rape, same sex marriage, pornography, and the conceptualization of gender, sexuality, and perversion.

Journal of Applied Rehabilitation Counseling, 1994 Women and the Law Libby S. Adler, 2008. Organized around three central topics of work, family, and body, this book reflects a multiplicity of feminist stances and critiques. Highlights include treatment of same sex marriage, developments, sustained treatment of perspectives and problems affecting women of color, contemporary assessments of sexual harassment, law, expanded treatment of women and the labor market, the economics of divorce, pornography, and prostitution, federal civil rights and state tort law responses to domestic violence, and current regulation of women's reproductive decisions and critiques of reproductive technologies.
