Scarred Landscapes Stephanie Lewthwaite, 2025-09-30 *Scarred Landscapes* is a groundbreaking exploration of the rich and complex works of Caribbean Latinx artists Scholar Stephanie Lewthwaite documents the work of ten influential artists of Cuban Dominican and Puerto Rican descent based in New York City from the 1970s to the present Through their diverse practices including painting printmaking photography sculpture installation video and performance art these artists confront the legacies of colonial trauma and their own experiences of diasporic unbelonging and artworld marginality The book combines formal analysis with artist testimony exhibition histories and theoretical frameworks from trauma memory and archipelagic studies to offer a multifaceted examination of Caribbean Latinx art Lewthwaite explores how these artists practice archipelagic memory a generative decolonial and coalitional form of memory work that envisions alternative modes of belonging in difference and solidarity with others By connecting different people pasts and places Caribbean Latinx artists expose the reverberations of trauma while imagining other worlds beyond it This work puts Caribbean Latinx artists at the center of debates about the exclusions of dominant memory narratives and contemporary art worlds highlighting their contributions to a wider decolonial project of remembrance By revealing the interconnectedness of traumatic histories and the potential for art to foster empathy and justice Lewthwaite s work underscores the importance of relational and decolonial thought for imagining a better society
