Programming consists of a set of programming exercises correlated to the programming concepts in this book. Through hundreds of practice problems, the system automatically detects errors in the logic and syntax of their code submissions and offers targeted hints that enable students to figure out what went wrong and why. MyLab Programming improves the programming competence of beginning students who often struggle with the basic concepts and paradigms of popular high-level programming languages. For instructors, a comprehensive gradebook tracks correct and incorrect answers and stores the code inputted by students for review. Note: You are purchasing a standalone product, MyLab™ Mastering™, which does not come packaged with this content. Students interested in purchasing this title with MyLab Mastering should ask their instructor for the correct package ISBN and Course ID.
