Popular Performance Adam Ainsworth,Oliver Double,Louise Peacock,2017-04-20 There is no fourth wall in popular performance The show is firmly rooted in the here and now and the performers address the audience directly while the audience answer back with laughter applause or heckling Performer and role are interlaced so that we are left uncertain about just how the persona we see onstage might relate to the private person who presents it to us Popular Performance defines and surveys varieties of performance where the main purpose is to entertain and where there is no shame in being trivial frivolous or nonsensical as long as people go home happy at the end of the show Contributions by new and established scholars focus particularly on how it is made explaining the techniques of performance and production that make it so appealing to audiences With sections examining how popular performance works in a range of historical and contemporary examples readers will gain insights into performance forms associated with the variety tradition music hall vaudeville cabaret variety performance forms associated with circus wild west shows clowning issues relating to the identity of the performer in relation to magic burlesque pantomime in contemporary performance issues relating to venue and audience in relation to contemporary street theatre stand up and live sketch comedy

Everyday Extraordinary Barry Markovsky,2026-03-17 Experiences with strange phenomena such as ghosts UFOs psychics and miracle cures make for titillating stories Many of us leave these stories as just that stories but for some people the rabbit hole of conspiracy theories and otherworldly happenings leads down a dark path Paranoia and the belief in the paranormal have real life consequences What is the science behind these scenarios Everyday Extraordinary provides an antidote for the conspiracy theories medical quackery and science denial prevailing in today s pop culture People will always believe in the unbelievable In this skeptical and scientific investigation Barry Markovsky pushes back against harmful flights of fancy with down to earth and evidence based explanations wrapped in compelling stories Each of the

chronologically ordered chapters has a Frontstage and Backstage section The Frontstage recounts a personal experience awakening from a night terror as a young child having my fortune told by a psychic the claims of an alternative medicine practitioner The Backstage section explains in simple terms what s actually going on mechanisms and functions behind our dreams how psychics use standard cold reading techniques how quack doctors distort evidence Each explanation is scientifically grounded but with minimal jargon and softened with anecdotes illustrations and humor Everyday Extraordinary makes sense of things that at first seem inexplicable Many of these experiences feel special and unique despite being remarkably common And even when not experienced directly most are all too familiar to readers through reality TV shows tabloids and social media The stories gently encourage readers to ask questions rather than jump to conclusions to consider alternative explanations for what happened to distinguish good evidence from bad to suspend judgment when the evidence isn t there to have a mind both open and skeptical to consider that what we wish to be true may not always be so Without being preachy the scientific explanations prove extraordinary in their own right Along the way readers accumulate tools for thinking critically about all sorts of claims extraordinary and otherwise *Chocolate Busters: The Easy Way to Kick It!* Jason Vale,2013-07-25 Break free from your chocolate addiction with Jason Vale s irreverent zany and original new book Jason aka The JuiceMaster reveals the dangers of chocolate s ingredients sugar dairy and additives the marketing industry s ploys to keep us all hooked and our emotional attachment to the sweet stuff and shows you how to kick the habit **Bringing Up Boys Who Like Themselves** Kasey Edwards,Dr Christopher Scanlon,2023-05-30 Following the success of *Raising Girls Who Like Themselves* Kasey Edwards and Dr Chris Scanlon have written a much requested book about raising boys In *Bringing Up Boys Who Like Themselves* Kasey Edwards and Dr Chris Scanlon combine practical and evidence based strategies to help parents build a strong foundation for their sons With their trademark warmth wit and positive outlook they explain How to get your son to tell you about his day and maintain a close and loving bond as he gets older How to give your boy the skills and confidence to resist peer pressure and the influence of unhealthy masculinity The most effective way to stand up for himself without resorting to violence or losing his sweet nature How to encourage your boy to try new and hard things What to do about screens and porn How to encourage achievement without the nagging How to teach your boy to be respectful and to take responsibility for his actions without making him ashamed to be a boy man How to instil authentic and rock solid confidence and self belief in your boy How to give him a positive and healthy body image **Happy** Derren Brown,2016-09-22 The Sunday Times Bestseller Really brilliant and just crammed with wisdom and insight It will genuinely make a difference to me and the way I think about myself Stephen Fry ___ Everyone says they want to be happy But that s much more easily said than done What does being happy actually mean And how do you even know when you feel it In *Happy* Derren Brown explores changing concepts of happiness from the surprisingly modern wisdom of the Stoics and Epicureans in classical times right up until today when the self help industry has attempted to claim happiness as its own He shows how

many of self help s suggested routes to happiness and success such as positive thinking self belief and setting goals can be disastrous to follow and indeed actually cause anxiety Happy aims to reclaim happiness and to enable us to appreciate the good things in life in all their transient glory By taking control of the stories we tell ourselves by remembering that everything s fine even when it might not feel that way we can allow ourselves to flourish and to live more happily ___ What readers are saying Immensely positive and life affirming This is the blue print to a good life Thought provoking and potentially life changing
