**Narrative Theory in Journalistic Practice** Yngve Benestad Hågvar, Harald Hornmoen, Jørgen Alnæs, 2025-11-28 Narrative Theory in Journalistic Practice provides innovative analytical frameworks for examining journalistic narratives in today's digital multimodal media landscape. The volume expands beyond traditional models focused on linear texts to address contemporary formats across multiple platforms. Through empirical analyses of genres such as immersive long form stories, live news reports, social media news, podcasts, and still images, the book explores the dual function of journalistic narratives: they are suited to engage readers in both trivial and complex events and issues but will also advance certain interpretations of reality and downplay others. The book conveys a critical and constructivist view on narratives, showing how journalistic stories contribute to shaping people's understanding of reality but also how media users play an active role in interpreting the narratives. The volume will interest students and scholars of journalism, media studies, and narrative studies. It is intended for use by graduate students as well as by established researchers.

**GIRLS@** Freya India, 2026-02-26 Anyone who cares about the girls and young women in their lives should read GIRLS. Jonathan Haidt, author of *The Anxious Generation*, *GIRLS*, *Gen Z*, and *The Commodification of Everything* is a passionate, provocative, and deeply personal journey into the pressures shaping young lives today. Freya India shows that age-old anxieties of girlhood are now being amplified by modern life and exploited like never before. While previous generations of women were relentlessly sold products and procedures, we have become the product. We display our lives on Instagram, advertise ourselves on dating apps, and package ourselves into personal brands, making anxiety feel overwhelming and unmanageable. We have transformed from girls into GIRLS, from people into products. Each chapter of *GIRLS* focuses on a common anxiety in adolescent girls' lives, from insecurities about our faces and bodies to our reputation and social status, to our friendships and romantic relationships. Along the way, India traces how rapidly culture and technology have evolved over the past decade. This isn't just a book for girls. For young women, it offers a nostalgic if unsettling reflection on the world they've grown up in and reassurance that they're not alone in their struggles. For younger girls, it provides context for where these challenges began and warns where they might be headed. And for parents, teachers, and older generations, it serves as a reminder that these issues have never been so intense. *GIRLS* concludes with a message of hope, reminding readers how to reclaim their privacy, defend their dignity, and above all, return to being people instead of products.

**TikTok Tips For Affiliate Marketers** Raymond Wayne, 2022-12-30

TikTok is a recently released social networking app that has become immensely popular. The young adult and teen demographics seem to be the most attracted to it. TikTok is a popular social media app with over 12 million daily users because it allows users to easily make and share short videos in a variety of formats with their friends, family, and followers. Affiliate marketers can benefit from the platform because it facilitates the creation of shareable, interesting content. Making videos that people actually want to watch is step one in developing an effective marketing plan for TikTok. Because videos on TikTok can be any length, unlike on YouTube or Instagram, businesses using the site need to create clips that are just a minute or two long at the most or shorter. Marketers can increase the number of views their videos receive on TikTok by using trending hashtags related to their products and services. You don't need to wait to be accepted as a content creator on TikTok in order to start earning money with the app. TikTok's Content Creator Fund is only available to those who match certain criteria. You will not be kept waiting, which is excellent news. Including a LinkTree link in your bio is a great way to drive organic traffic to a website, online storefront, or landing page where you can promote your affiliate links and maybe make a sale. If you have multiple resources, link to your website and create a landing page with other links to your business assets. From one link, your followers can access a variety of links or a landing page with one call to action. The social media app TikTok is centered around short video loops. As well as socializing and advertising, it has a wide range of practical applications. In affiliate marketing, one business endorses another in exchange for financial compensation and works well with the TikTok community. Have fun supporting other creators and engaging with them. Build relationships with TikTokers in your field and show your interest in their success. All ships rise in a high tide. Be a fan, too. Find TikTok accounts that you love for personal and business reasons. Comment, engage with them, and be part of what makes the TikTok community unlike any other social networking platform, and you can learn on the steps on monetizing your TikTok following with useful affiliate links. TikTok is one of many tools you can use to build a platform, support your other platforms, and engage a new audience. It's a simple and fun way to share content and help people find your resources.
