America s worst ideas and people are rising to the top thanks to a rancid culture that has turned every part of our lives into a fight between so called privilege and entitled brats claiming victim status The country is under siege and America s most ferocious enemy is already here our privileged victims On university campuses in the news media and in Hollywood race gender and sexuality determine who should advance and who should be taken down a peg Driven by social justice and governed by intersectionality out of control college students school administrators journalists and titans of the entertainment industry divide and rank us on an infinite scale of grievance the more of them the better And God have mercy on any individual deemed to benefit from privilege **Privileged Victims** zealously exposes the lies and myths behind The MeToo movement that redefined sexual assault and rape to include simple regret ruining the lives and careers of countless men Hoax hate crimes a key feature of the privileged victim class The debate over our jungle like immigration system dumbed down by a scheming national news media to ugly charges of racism and xenophobia Hollywood which no longer aims to produce high quality entertainment but to virtue signal and promote social justice And so much more In gripping detail Eddie Scarry uncovers the perversion behind social justice and its identity first dogma that s replacing America s meritocracy

tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades Bewildered citizens mistakenly believe that it s a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive The truth is much worse it s a deliberate malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination How did everyone in America get so unhappy all of a sudden In part because it pays Eddie Scarry lays out the scam in this infuriating and fascinating book It ll make you never want to complain again just for the sake of being countercultural Tucker Carlson Host of Tucker Carlson Tonight on Fox News and Author of Ship of Fools What I love about Eddie is his courage He knows the outrage mob is constantly coming and he doesn t care Some of us call that being a First Amendment advocate Count me as a fan and a reader Megyn Kelly Recasting the Disney Princess in an Era of New Media and Social Movements Shearon Roberts,2020-03-20 In the late 2000s the Walt Disney Company expanded rebranded and recast itself around woke empowered entertainment This new era revitalized its princess franchise seeking to elevate its female characters into heroes who save the day Recasting the Disney Princess in an Era of New Media and Social Movements analyzes the way that the Walt Disney Company has co opted contemporary social discourse incorporating how audiences interpret their world through new media and activism into the company s branding initiatives programming and films The contributors in this collection study the company s most iconic franchise the Disney princesses to evaluate how the company has addressed the patriarchy its own legacy cemented Recasting the Disney Princess outlines how the current Disney era reflects changes in a global society where audiences are empowered by new media and social justice movements **Frankenstein** Sidney Perkowitz,2018-01-02 The tale of a tormented creature created in a laboratory began on a rainy night in 1816 in the imagination of a nineteen year old Mary Wollstonecraft Shelley Since its publication two years later Frankenstein Or the Modern Prometheus has spread around the globe through every possible medium and variation Frankenstein has not been out of print once in 200 years Frankenstein has become an indelible part of popular culture and is shorthand for anything bizarre and human made for instance genetically modified crops are Frankenfood Conversely Frankenstein s monster has also become a benign Halloween favorite Yet for all its long history Frankenstein s central premise that science not magic or God can create a living being and thus these creators must answer for their actions as humans not Gods is most relevant today as scientists approach creating synthetic life In its popular and cultural weight and its expression of the ethical issues raised by the advance of science physicist Sidney Perkowitz and film expert Eddy von Muller have brought together scholars and scientists artists and directions including Mel Brooks to celebrate and examine Mary Shelley s marvelous creation and its legacy as the monster moves into his next century The New Chameleons Michael R. Terms of Respect Christopher L. Eisgruber, 2025-09-30 In this forcefully persuasive book Joyce Carol Oates the president of Princeton reveals how colleges are getting free speech on campuses right and how they can do better to nurture civil discourse and foster mutual respect Conversations about higher education teem with accusations that American colleges and universities are betraying free speech indoctrinating students with left wing dogma and censoring civil discussions But these complaints are badly misguided In *Terms of Respect* constitutional scholar and Princeton University president Christopher L. Eisgruber argues that colleges and universities are largely getting free speech right Today's students engage in vigorous discussions on sensitive topics and embrace both the opportunity to learn and the right to protest Like past generations they value free speech but like all of us they sometimes misunderstand what it requires Ultimately the polarization and turmoil visible on many campuses reflect an American civic crisis that affects universities along with the rest of society But colleges Eisgruber argues can help to promote civil discussion in this raucous angry world and they can show us how to embrace free speech without sacrificing ideals of equality diversity and respect Urgent and original *Terms of Respect* is an ardent defense of our universities and a hopeful vision for navigating the challenges that free speech provokes for us all The Skeptical Inquirer ,2009 *Game Informer Magazine* ,2009 **Urb** ,2007-07 **Adweek** ,2009-04 *The New York Times Magazine* ,
