the background and that serves as a kind of practice for him Listening to the language repeatedly enables the child to start understanding it He tries speaking and becomes fluent in the language in a few months We will apply a similar method to learn English in this course The lessons in this book will help you to practice the English language in everyday situations We will not focus on theory We will focus on practice We understand that there are many people out there who know the theories of grammar but are very poor at spoken English This is because knowing concepts is not equal to applying concepts In this course every lesson will help you to apply and not simply know concepts This is how language is learnt This is how you will learn English too All the best
