case for a life of self discipline In this much anticipated third installment in the Stoic Virtues series he argues for the necessity of doing what s right even when it isn t easy For the ancients everything worth pursuing in life flowed from a strong sense of justice or one s commitment to doing the right thing no matter how difficult In order to be courageous wise and self disciplined one must begin with justice The influence of the modern world often tells us that acting justly is optional Holiday argues that that s simply untrue and the fact that so few people today have the strength to stand by their convictions explains much about why we re so unhappy In Right Thing Right Now Holiday draws on fascinating stories of historical figures such as Marcus Aurelius Florence Nightingale Jimmy Carter Gandhi and Frederick Douglass whose examples of kindness honesty integrity and loyalty we can emulate as pillars of upright living Through the lives of these role models readers learn the transformational power of living by a moral code and through the cautionary tales of unjust leaders the consequences of an ill formed conscience The Stoics never claimed that living justly was easy only that it was necessary And that the alternative sacrificing our principles for something lesser was considered only by cowards and fools Right Thing Right Now is a powerful antidote to the moral failures of our modern age and a manual for living virtuously [The Leader's Handbook](#) Andrew Poulin,2023-06-22 We are not born for ourselves alone Cicero Good actions give strength to ourselves and inspire good actions in others Plato Any day stands equal to the rest One s bearing shapes one s fate Heraclitus All our efforts must be directed towards an end or we will act in vain Epictetus A rational being can turn each setback into raw material and use it to achieve its goal Marcus Aurelius A book no leader s bookshelf should be without The Leader s Handbook is a treasure trove of inspiring quotes excerpts and wisdom In this seminal work career naval officer Andrew Poulin shares some of the world s most motivating and thought provoking words from influential philosophers such as Socrates Aristotle Marcus Aurelius and many more These figures thought wrote and spoke about topics of critical importance in their daily lives and their ideas still hold relevance today The wisdom in this handbook is organized into ten key leadership traits which is sure to inspire leaders at all levels If you need motivation to achieve your goals and lead with your values then pick up a copy of The Leader s Handbook read reflect and lead [Beyond the Individual](#) Will Johncock,2023-02-03 Do you believe you think independently Do you alone control your actions Stoic philosophy asserts that your mind thoughts and actions are traces of a world which shapes you and everyone else together Our personal nature is part of a system not independent This book studies how a Stoic thinks and acts as part of a community and in service of a world rather than separately or for themselves alone This is not just another book about Stoic philosophy Stoicism has been popularized as a way to primarily serve personal benefits promising mental resilience in an uncontrollable world of people and events This book instead explores how for the Stoics we only benefit personally by being aware of how we are entangled with our fellow humans and the world This perspective reveals anti individualistic conditions for the well being that individuals seek from the philosophy By studying features that might seem to define us as separate individuals our mind body self preserving instinct
