Researching Subtitling Processes Anke Radinger, 2025-07-31 Subtitling is almost as old as the motion picture itself. It is a very specific form of translation that goes well beyond the transferring of written texts given that the source text the film is a complex combination of spoken and written text together with dynamic images, music and sounds. But how does one read a film in order to translate it? In this volume, Anke Radinger investigates what happens in a subtitler's mind, especially in various working environments. An example of one of these conditions is the introduction of innovative assistive language tools such as AI-powered speech-to-text into traditional subtitling workflows. Using methods like eye tracking and keylogging, Radinger reviews computer or rather AI-assisted subtitling processes, practices and workflows while concentrating on aspects such as effort and quality. Her work is a valuable contribution to subtitling process research. SPR, a young and greatly under-researched subfield of audiovisual translation. Introducing Audiovisual Translation Agnieszka Szarkowska, Anna

Jankowska, 2024-09-30 This user-friendly textbook offers comprehensive insights into all facets of audiovisual translation and media localisation. Serving as a comprehensive guide spanning seven chapters, it begins by introducing audiovisual translation (AVT). It goes on to explore the historical backdrop and highlights the distinctions from traditional written text translation. The authors expertly navigate you through the primary AVT modalities: interlingual subtitling, dubbing, voice-over, subtitling for the deaf and hard of hearing, live subtitling, and audio description. A blend of theoretical concepts and practical, real-world examples in various languages ensures a seamless understanding of the fundamental principles of AVT. The book clearly guides you through the most important aspects of each type of AVT. Designed for those exploring various AVT forms, budding audiovisual translators, and those interested in contemporary AVT trends and research, this book is an invaluable resource for students of translation and linguistics and for educators in AVT across higher education and media localisation programmes. **From Networks to Netflix** Derek Johnson, 2018-01-03 Even as the television industry experiences

significant transformation and disruption in the face of streaming and online delivery, the television channel itself persists. If anything, the television channel landscape has become more complex to navigate as viewers can now choose between broadcast, cable, streaming, and premium services across a host of different platforms and devices. *From Networks to Netflix* provides an authoritative answer to that navigational need, helping students, instructors, and scholars understand these industrial changes through the lens of the channel. Through examination of emerging services like Hulu and Amazon Prime Video, investigation of YouTube channels and cable outlets like Freeform and Comedy Central, and critiques of broadcast giants like ABC and PBS, this book offers a concrete, tangible means of exploring the foundations of a changing industry.

Netflix Guide: the Never Wonder What to Watch Book Bilal Zou, 2018-04-26 There should be a way to stop the frustration of not knowing what to watch. There has to be a good movie to watch, the movie and show recommendation website trusted by millions of users every year is out with the latest solution: a TV Guide style book for Netflix. On-demand services like Netflix

put the burden of choice entirely on you and it's not easy to cut down from the overwhelming choice of options. This book is a selection of exclusively good movies and shows, titles highly rated by both viewers on IMDb and critics Rotten Tomatoes. Instead of always watching the latest thing that Netflix comes out with, this book gives you over 130 highly rated and often little-known alternatives, including the new stuff that's actually worthy of your attention. This book is meant to be as functional and as practical as possible. Its goal is to spread the word about the existence of a better way to interact with a service like Netflix. Get it or give it to a friend who is constantly complaining about not knowing what to watch; it's meant to be both a timely and timeless solution. It features both movies and shows that will expire and Originals that will never leave Netflix.

The Palgrave Handbook of Music and Sound in Peak TV Janet K. Halfyard, Nicholas Reyland, 2024-12-17. The Palgrave Handbook to Music and Sound in Peak TV charts the transformation of television's sonic storytelling during the new golden age of televisual narrative from the late 1990s to the early 2020s. Grounded in close analytical, critical, and theoretical work, identifying the key traits of music and sound in this peak TV period, the book casts its critical net wider to develop interpretations of significance not just for screen music studies and musicology but for screen and media studies too. By theorizing peakness with respect to sound and music and by drawing together contributions from a diverse collection of prominent musicologists, media scholars, and practitioners, this handbook provides the authoritative guide to the role music has played in creating the success of some of the most culturally and commercially significant popular art of the early twenty-first century. The volume contains 25 essays in three main sections: Concepts and Aesthetics, Practices and Production, and Audiences and Interpretations. Topics discussed include peakness, complexity, ostentatious scoring, antiheroes, memory, franchises, worldbuilding, nostalgia, maternity, trauma, actor's voices, title sequences, library music, branding, queer camp, scoring kids TV, captioning, industry practices, HBO and sound design. Shows examined include *The Sopranos*, *The Wire*, *Game of Thrones*, *Battlestar Galactica*, *Westworld*, *Buffy the Vampire Slayer*, *Stranger Things*, *The Bridge*, *Dexter*, *Killing Eve*, *Mad Men*, *American Horror Story*, *Rings of Power*, *Fargo*, *Peaky Blinders*, *Call the Midwife*, *Twin Peaks*, and *Twin Peaks: The Return*.

King Hu's Kung Fu Cinematic Art Ya-chen Chen,2024-04-03 This scholarly compendium offers a comprehensive analysis of King Hu's transformative impact on Chinese martial arts cinema. It begins with a foundational examination of King Hu's directorial influence, setting the stage for an in-depth exploration of his filmography, including critical works like *Dragon Inn* and *A Touch of Zen*. The volume employs advanced theoretical frameworks such as David Bordwell's film poetics to dissect King Hu's pervasive influence across generations of filmmakers and the analysis of cultural translation and subtitling practices. Further, it illuminates the global dissemination and reception of Hu's films. A critical focus is placed on King Hu's oeuvre, analyzing its adaptability and intertextual resonance within broader artistic milieus. The book also critiques Hu's representation of women in martial arts cinema, interrogating both progressive and problematic elements. Concluding sections emphasize Hu's mastery in marrying classical Chinese narrative techniques with visual storytelling, highlighting his enduring legacy in the martial arts genre and global cinematic landscape. This volume asserts King Hu as a pivotal cultural auteur whose work continues to shape cinematic expression and discourse, making it an essential resource for scholars in film studies and aficionados of wuxia cinema.
