*GMAT Reading Comprehension* Manhattan Prep, 2014-12-02 The GMAT Reading Comprehension strategy guide empowers students to tackle puzzling questions about difficult reading passages on the GMAT. It teaches how to peel back layers of complicated wording to make sense of confusing content and find proof for the correct answer quickly. Unlike other guides that attempt to convey everything in a single tome, the GMAT Reading Comprehension strategy guide is designed to provide deep, focused coverage of one specialized area tested on the GMAT. As a result, students benefit from thorough and comprehensive subject material, clear explanations of fundamental principles, and step-by-step instructions of important techniques. In action practice problems and detailed answer explanations challenge the student, while topical sets of Official Guide problems provide the opportunity for further growth. Used by itself or with other Manhattan Prep Strategy Guides, the GMAT Reading Comprehension strategy guide will help students develop all the knowledge, skills, and strategic thinking necessary for success on the GMAT. Purchase of this book includes one year of access to Manhattan Prep's Reading Comprehension Question Bank. All of Manhattan Prep's GMAT Strategy Guides are aligned with the GMAC Official Guide 2016 edition.

*Designing Second Language Performance Assessments* John M. Norris, 1998 This volume focuses on the decision-making potential provided by second language performance assessments. The authors first situate performance assessment within a broader discussion of alternatives in language assessment and in educational assessment in general. They then discuss issues in performance assessment design, implementation, reliability, and validity. Finally, they present a prototype framework for second language performance assessment based on the integration of theoretical underpinnings and research findings from the task-based language teaching literature, the language testing literature, and the educational measurement literature. The authors outline test and item specifications and they present numerous examples of prototypical language tasks. They also propose a research agenda focusing on the operationalization of second language performance assessments.

**1776 - Commonsense - 2016** Joseph Banta, 2016-09-25. When a void in leadership exists, it is up to each one of us as American patriots to step forward and take point. This book is my attempt to temporarily fill that void. I offer commonsense reasoning in order to bring about honest discourse in an effort to create a unified purpose among ALL American citizens of every social class. We are all pink on the inside, and we are all brothers and sisters in arms. We are concerned liberals and conservatives. We are red and we are blue. We are white, black, yellow, and every color in between. Most of all, we are ALL Americans. WE are the only solution to OUR problems. It comes down to honest and forthright, effective leadership, renewed national pride among our citizens, tolerance and respect of others, and a renewed effort to collaborate in order to win. Don't be a mindless sheep preyed upon by those who would rather divide us for their own personal gain. We are America, and we will show the world what we can do. As my father used to say: Lean into it. *Active Skills for Reading Book 1 2e-Teachers Manual* Neil J. Anderson, 2007-03. **PC Mag**, 2004-02-17.
