*The Bias of Communication* Harold A. Innis, 2024-06-15T00:00:00Z Based on the original 1951 edition by Canadian professor and author of seminal works on media communication theory and Canadian economic history Harold A Innis d 1952 Innis explores the role of media in shaping the culture and development of civilizations He argued that a balance between oral and written forms of communication contributed to the flourishing of Greek civilization in the 5th century BC But in this ever relevant work he predicted much of what is going on today and warned that Western civilization is now imperiled by powerful advertising driven media obsessed by present mindedness and the continuous systematic ruthless destruction of elements of permanence essential to cultural activity [Introduction To: The Bias of Communication \(Harold A.
