Version 2.0 updated September 10, 2025. The center of the Apple world is your Apple Account. This identifier ties up your access to iCloud, to purchased and streaming music, TV, and movies, and to all your devices. While an Apple Account is essential, Apple has made it difficult to navigate the many features associated with it, and particularly to troubleshoot and resolve problems that crop up. This book answers dozens of questions and guides you through solutions. It also explains how to use security recovery and other features tied to your Apple Account. Everything Apple relies on your Apple Account. It's a key that unlocks a long list of Apple products and services on any of numerous devices. iCloud uses an Apple Account, as does Apple Music, the App Store, the Music, TV, and Books apps, and more. An Apple Account protects your personal information, including email and iPhone/iPad backups, helps you find a lost iPhone/iPad/Mac or Apple Watch, and can even unlock your Mac. So it goes without saying that if something goes wrong with your Apple Account, you could be in for a world of hurt. Unfortunately, things go wrong with Apple Accounts all the time. Fortunately, Glenn Fleishman, a veteran technology journalist and the author of Macworld's Mac 911 column, is ready to help with expert advice on how to manage your Apple Account, including how to prevent, solve, or work around most common problems. This book is fully up to date with iOS 26, iPadOS 26, macOS 26, Tahoe, watchOS 26, tvOS 26, and other Apple products and services. In this book, Glenn answers questions like: What all is my Apple Account used for? How does my iCloud account relate to my Apple Account? What's two-factor authentication, and how do I manage it, and not get locked out of my account? Should I invest in hardware security keys to up the protection of my Apple Account? Are there other mechanisms I can use to ensure that I can recover an Apple Account in the event of a problem? Spoiler: yes. What should I do if I have two or more Apple Accounts or iCloud accounts? Will I lose access to all my
