

and respect of others.

Hence, the development goals that people have are not only about better income but also about other important things in life.

2) NATIONAL DEVELOPMENT:

We know that what may be development for one, may not be development for other.

It is very important to keep in mind that different people could have different as well as conflicting notions of a country's development.

~~Not~~

3) COMPARISONS:

i) COUNTRIES:

World Development Reports for comparing countries, their income is considered to be one of the most important attributes. This is based on the understanding that more income means more of all things that human beings need.

income of the country: is the income of all residents of the country.

But

for comparison, total income is not a useful measure because different countries have different population, so comparing total income would not tell us what an average person is likely to earn.
