Ntc'S Dictionary Of Trade Name Origins Room,1998-01-01 *Dictionary of Trade Name Origins* Adrian Room,2026-05
Originally published in 1982 this illustrated dictionary gives the stories behind over 700 well known brand names from home medicines to everyday foods and drinks and from High Street stores to car and aircraft models Here the reader will find the origin of Bovril the meaning of Mazda cars and how it came about that Marks Spencer chose St Michael rather than St Margaret as their trading saint If you have ever wondered what Lego means or who Mr Kipling of the exceedingly good cakes was then you need look no further than this absorbing book An extensive introduction explains how trade names are devised and examines the linguistic and legal pitfalls of the process Appendices consider special aspects of trade name creation and give examples of AI devised names This was a unique work because it was compiled after meticulous research of source materials and extensive correspondence with archivists and executives in businesses around the world so it drew on previously unpublished memories It remains an indispensable resource for understanding brand name creation and history and will be useful to students of marketing and business history **NTC's Dictionary of Trade Name Origins** Adrian Room,1991 **Dictionary of Trade Name Origins** Adrian Room,1982 **Dictionary of trade name origins** ,1982 **NTC's Dictionary of Word Origins** Adrian Room,1991 Comprehensive reference to the origins of nearly 1 200 words used in the English language *Trade Name Origins* Adrian Room,1997 Alphabetically arranged entries present the stories behind over 700 everyday trade names such as aspirin Grape Nuts Lego and Wimpy with information on how trade names are devised and a look at the linguistic and legal pitfalls of choosing a name **An Alphabetical Guide to the Language of Name Studies** Adrian Room,1996 Information on more than 660 terms used in onomastics the study of names **Guide to Reference in Business and Economics** Steven W. Sowards,Elisabeth Leonard,2014-07-22 Focusing on print and electronic sources that are key to business and economics reference this work is a must have for every reference desk Readers will find sources of information on such topics as Business lawE commerceInternational businessManagement of information systemsOccupations and careersMarket researchGuide to Reference is used internationally as the source of first resort for identifying information and training reference professionals and this book will help connect librarians and researchers to the most relevant sources of information on business and economics **The Oxford Handbook of Names and Naming** Carole Hough,2016-05-03 In this handbook scholars from around the world offer an up to date account of the state of the art in different areas of onomastics in a format that is both useful to specialists in related fields and accessible to the general reader Since Ancient Greece names have been regarded as central to the study of language and this has continued to be a major theme of both philosophical and linguistic enquiry throughout the history of Western thought The investigation of name origins is more recent as is the study of names in literature Relatively new is the study of names in society which draws on techniques from sociolinguistics and has gradually been gathering momentum over the last few

decades The structure of this volume reflects the emergence of the main branches of name studies in roughly chronological order The first Part focuses on name theory and outlines key issues about the role of names in language focusing on grammar meaning and discourse Parts II and III deal with the study of place names and personal names respectively while Part IV outlines contrasting approaches to the study of names in literature with case studies from different languages and time periods Part V explores the field of socio onomastics with chapters relating to the names of people places and commercial products Part VI then examines the interdisciplinary nature of name studies before the concluding Part presents a selection of animate and inanimate referents ranging from aircraft to animals and explains the naming strategies adopted for them
