## **Puasa 2018 :**

U-Go Healthy 2020 Sisca Mayang Phuspa,Ratih Andhika Akbar Rahma,2022-09-20 The growth rate of the global halal industry has increased in recent years from 7.5% in 2015 to more than 8% in 2016 and is expected to continue to increase in 2017 and beyond Indonesia in particular has great potential in the development of the halal industry sector because of the percentage of Indonesia's population which constitutes 12.7% of the world's Muslim population The large potential of Indonesia in the halal industry sector can support national economic growth The market for halal industry in Indonesia especially the food travel fashion medicines and cosmetics sectors has reached around 11% of the global market in 2016 Behind the development of the halal industry globally there are challenges especially in the health sector The fact about guaranteeing halal products on drugs is still very alarming because the data from LPPOM MUI shows that out of 30 thousand types of drugs registered with BPPOM and circulating in the community only 34 drugs are halal certified In the food sector data shows that Indonesia is the highest spending country for halal food compared to other countries in the world with a total expenditure of 170 billion US dollars In the field of Occupational Health and Safety OHS is inseparable in the development of human resources in the halal industry The security and quality of the halal industry are also closely related to the quality of human resources and the nation's competitiveness The current development of the halal industry is fairly rapid in non Muslim majority countries such as Thailand South Korea Russia Mexico Japan and Spain On the contrary Indonesia has become a contested market target for halal products for foreign countries This condition will backfire for Indonesia if there are no quick steps to follow up on this problem Because Indonesian people will only be targeted by consumers in the halal industry market Strengthening regulatory development programs based on science and scientific evidence according to standard development programs as well as strengthening the system of guidance and supervision of industrial security and its implementation in anticipation of the digital era needs to be done To answer this problem U GO Healthy Forum will hold International seminars and Call for Paper with the theme The Role of Health Expert in Solving Contemporary Issues in Halal Industry as the initial step to strengthen the security system of the halal industry *Ringkasan Pelajaran Ushul Fiqh Fulki* Ainur Rafi,2021-11-06 Buku ini membahas secara ringkas mengenai hal-hal yang terkait dengan keilmuan fikih yang dipelajari baik oleh kalangan pelajar maupun mahasiswa Buku ini selain membahas permasalahan fikih pada umumnya juga membahas masalah fikih siyasah yang jarang dibahas oleh kebanyakan buku fikih lainnya This book briefly discusses matters related to the science of fiqh which is studied by both students and students In addition to discussing fiqh issues in general this book also discusses siyasah fiqh issues which are rarely discussed by most other fiqh books This book uses the Indonesian language Fake News and Elections in Southeast Asia James Gomez,Robin Ramcharan,2022-12-30 This book offers a regional analysis of the impact of fake news misinformation malinformation and disinformation on electoral democracy and freedom of expression in Southeast Asia which has taken place in the middle of a global health pandemic The book maps the

impact of social media and the internet on democracy in the members of the Association of Southeast Asian Nations that have already been in the throes of democratic regression for some time Including an analysis of countries that do not have national elections the chapters provide detailed information on the extent of internet and social media penetration in each country the laws that are deployed to reel in its political potential for critics and demonstrate the impact on democracy or the prospects for democracy Collectively contributors note that disinformation is a serious problem in the region that negatively impacts elections and how governments attempts to deal with the phenomenon inevitably lead to the targeting of dissenting voices and opposition as anti state fake news The deleterious impact on democracy and freedom of expression facilitated by a citizenry that is prone to manipulation of facts appears to be the standard modus operandi in the regional authoritarian complex This book is the first to undertake a regional analysis of disinformation in Southeast Asia and is a significant contribution to the literature on democracy elections and disinformation It will be of interest to researchers in the fields of Political Science and Asian Politics in particular Southeast Asian Politics
