Global Fintech Revolution Lerong Lu, 2024-09-23 Lerong Lu examines the biggest change in modern financial industry the Fintech financial technology revolution that denotes the close interaction between

the financial services industry and latest information technologies such as big data cloud computing blockchain and artificial intelligence The three areas of banking institutions online lending marketplaces and money and payment systems are explored to assess how financial innovations affect the traditional financial industry what kinds of regulatory challenges arise and how global policymakers react to such challenges With in depth and international case studies on Fintech including app based banking services mobile payments P2P lending and cryptocurrencies the global Fintech hubs in six continents are assessed The complex dynamic and multidimensional Fintech ecosystem is also investigated including its key players such as regulatory strategy regulatory sandbox and RegTech and Fintech corporations including financial holding companies Fintech unicorns BigTech firms and Metaverse platforms Lu highlights the enormous benefits for financial institutions and their consumers and argues that Fintech contributes to a more equal democratic inclusive and sustainable financial system However he also considers the risks and multiple legal ethical and regulatory challenges for policy makers and financial authorities that Fintech has posed

Fundamentals of Financial Accounting Glenn A. Welsch,Robert Newton Anthony,1977 Developing Financial Leadership in Small-Medium Businesses Stewart Barnes,Malcolm Prowle,2025-03-12

Many small medium enterprises SMEs are very small organisations comprising mainly single person and micro businesses but in the United Kingdom there are around 250 000 small medium businesses SMBs which are substantial businesses with turnovers of millions or tens of millions of pounds A key requirement for thriving SMBs is effective leadership throughout the organisation One crucial aspect which is often overlooked is that of financial leadership Financial management in SMBs is often seen as a technique based activity whereby finance staff have a limited role preparing annual financial accounts and disseminating financial information to key individuals in the organisation They may act reactively by responding to requests for specific financial information On the other hand strong financial leadership is proactive constructive and innovative and plays a critical role in ensuring that organisations stay financially adaptable and can build resilience and sustainability in today s fierce market The most effective financial leaders have a sophisticated and thorough understanding of their organisation s financial health and they make decisions grounded in financial realities to use that information in their communication to demonstrate the strategic connection between money mission and purpose This research volume asserts that understanding the importance of utilising robust financial management approaches and financial information in making business decisions and assessing business performance is the key This is especially relevant for SMBs as they can have a significant influence on countries economies It will therefore be of interest to researchers academics practitioners and advanced students in the fields of leadership financial management entrepreneurship and strategy *Fundamentals of*
