Michael E. Goodboe,2018-09-13 The security services industry has some of the highest level of turnover in any business but it can be contained By doing so youll be able to pay higher wages recruit top quality personnel and further boost the stability of your workforce Service to clients will improve and supervising will get easier In this guide to reducing turnover the author draws on lessons from the security industry to help senior executives frontline supervisors and managers and others boost their leadership abilities to improve employee retention While the book focuses on the security industry for demonstration purposes members of any services sector company can apply its lessons to make significant dents in money losing turnover The major theme running throughout the book is responsibility fueled by choice Nobody is a victim of anybody or anything and if we want to be the best leaders we can be then we need to make that choiceand follow it up with hard work Stop the revenue drain Help first line leaderswho play the pivotal role in reducing turnoversystematically improve their leadership skills by following the New Leadership model Develop a retention culture in your company All this and more in *Reducing Turnover in the Services Sector* *Total Control Security Service Employee Handbook* Donald Brown,2023-05 Security

Management for Healthcare Bernard J. Scaglione,2019-03-04 The healthcare industry is changing daily With the advent of the Affordable Care Act and now the changes being made by the current administration the financial outlook for healthcare is uncertain Along with natural disasters new diseases and ransomware new challenges have developed for the healthcare security professional One of the top security issues effecting hospitals today is workplace violence People don t usually act violently out of the blue There are warning signs that can be missed or don t get reported or if they are reported they may not be properly assessed and acted upon Healthcare facilities need to have policies and procedures that require reporting of threatening or unusual behaviors Having preventive policies and procedures in place is the first step in mitigating violence and providing a safe and security hospital Persons working in the healthcare security field need to have information and tools that will allow them to work effectively within the healthcare climate This holds true for security as well Security professionals need to understand their risks and work to effectively mitigate threats The author describes training techniques

that can be accomplished within a limited budget He explains how to manage staff more efficiently in order to save money and implement strategic plans to help acquire resources within a restricted revenue environment Processes to manage emergent events provide risk assessments evaluate technology and understand information technology The future of healthcare is uncertain but proactive prevention and effective resolution provide the resources necessary to meet the challenges of the current and future healthcare security environment     **Headquarters Security Handbook** ,1990
