Why Do They Make Things so Complicated? Lisa Monika Anna Mützel,2017-05-05 In the past 50 years consumers buying situations have not become easier Consumers remain easily overwrought by complex buying situations that involve buying complex products or services such as laptops or insurances In such situations consumers find it difficult to make a decision and must spend high levels of cognitive effort on it Prior consumer research has addressed the complexity of buying situations in several research streams such as in choice complexity or product complexity literature However previous researchers have not reached consensus on what constitutes the complexity of a buying situation Furthermore they have mostly concentrated on cognitive constructs and emotional constructs have been rather unexplored To close these research gaps this dissertation provides an in depth conceptualization of complex buying situations by developing a comprehensive reference framework Furthermore this dissertation differs from prior research by examining in detail negative emotional responses to complexity NERCO A reliable and valid NERCO scale is developed that consists of two factors emotional resignation and fear of post purchase dissonance An experiment investigates the influence of two input variables of the reference framework 1 the number of alternatives in the consumer s price class and 2 the perceived expertise of the salesperson who provides a recommendation in a buying situation on perceived choice complexity and on NERCO This dissertation paves the way for numerous directions for future research on the complexity of buying situations by providing theoretical fundamentals in the form of a detailed conceptualization and by precisely defining the research gaps
