**Present Lessons from Distant Days** Wayland Hoyt, 2025-12-07 Reprint of the original first published in 1881 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Created Equal Joshua Berman, 2011-08-12 In Created Equal Joshua Berman engages the text of the Hebrew Bible from a novel perspective considering it as a document of social and political thought He proposes that the Pentateuch can be read as the earliest prescription on record for the establishment of an egalitarian polity What emerges is the blueprint for a society that would stand in stark contrast to the surrounding cultures of the ancient Near East Egypt Mesopotamia Ugarit and the Hittite Empire in which the hierarchical structure of the polity was centered on the figure of the king and his retinue Berman shows that an egalitarian ideal is articulated in comprehensive fashion in the Pentateuch and is expressed in its theology politics economics use of technologies of communication and in its narrative literature Throughout he invokes parallels from the modern period as heuristic devices to illuminate ancient developments Thus for example the constitutional principles in the Book of Deuteronomy are examined in the light of those espoused by Montesquieu and the rise of the novel in 18th century England serves to illuminate the advent of new modes of storytelling in biblical narrative *She Brought the Art of Women* Janet Tyson, 2023-04-10 What would happen if the interpretation of Song of Solomon were to move beyond the layered traditions of rabbinic Judaism the theological concerns of Christian communities or even the Enlightenment ideals of a rigorously objective secular hermeneutic This new reading by Janet Tyson provides a fascinating answer to that question Timothy Paul Erdel Bethel University The Song of Solomon is an intimate eyewitness account of the stormy marriage

between the last King of Babylon Nabonidus and the Egyptian princess Nitocris II It details the couple's seven year stay in Tayma Arabia during which time the king formulated his plan to reinstate a long defunct female priesthood at Ur in honour of the lunar deity S n The Song was written by a female scribe during the exodus from Babylon in c 538 BCE she is potentially recorded elsewhere in the Hebrew Bible Her song of praise tells of magic blood rites jealousy and rivalry contraception miscarriage lies and curses It bears all the signs of an act of vengeance for it preserves the bitter resentment of a woman who lived in the shadow of the king's most exotic wife Topics of interest include A consistent pattern of applied Ishtar Hathor mythology Potential insight into the function of the God's Hand The use of Jewish gematria Clear allusions to the esoteric rite known today as the Elixir Rubeus Internal chronology that mirrors the reign of Nabonidus including a lunar eclipse Profound parallels between Nabonidus and King Solomon Strong connections between Herodotus and the Song's narrative Potential identification of the Song's author and date of composition Other ancient legends revealing this same interpretation
