## God Of The Oppressed:

*God of the Oppressed* James H. Cone, 1997      **God of the Oppressed** James H. Cone, 1977-01-01      **God of the Oppressed** James H. Cone, 1977      *God of the Oppressed* James H. Cone, 1975      **A Black Theology of Liberation** James H. Cone, 2010

With the publication of his two early works *Black Theology Black Power* 1969 and *A Black Theology of Liberation* 1970 James Cone emerged as one of the most creative and provocative theological voices in North America. These books which offered a searing indictment of white theology and society introduced a radical reappraisal of the Christian message for our time. Combining the visions of Malcolm X and Martin Luther King Jr Cone radically reappraised Christianity from the perspective of the oppressed black community in North America. Forty years later his work retains its original power enhanced now by reflections on the evolution of his own thinking and of black theology and on the needs of the present moment.

*The God of the Oppressed and the God who is Empty* Jay Byrd McDaniel, 1987      *Where is God?* Christian Duquoc, 1992      *Methodologies of Black Theology* Frederick L. Ware, 2008-02-01

Frederick L. Ware provides a classification and criticism of methodological perspectives in the academic study interpretation and construction of black theology in the U S from 1969 to the present and establishes and recognizes three different schools of academic black theology: The Black Hermeneutical School, The Black Philosophical School, The Human Sciences School. Similarities and differences are delineated in the identification of each school's representative thinkers and their views on the tasks, content, sources, norm, method, and goals of black theology.

*Liberating Black Theology* Demaine Solomons, Eugene Baron, 2024-02-14

Current debates on decolonisation call for academic disciplines including the practitioners of Black theology to reflect on its content and curriculum. This edited volume actively engages in these ongoing dialogues specifically addressing the pertinence of a Black theology of liberation within the postapartheid landscape. It not only delves into the historical underpinnings of this theological framework but also endeavours to establish a conceptual framework for assessing its significance within the current discourse on decolonising theological disciplines. In addition to shedding light on the historical importance of Black theology, the late Vuyani Vellem poses a crucial question: What lessons has Black theology yet to learn? This inquiry by emerging South African scholars serves as a guide for navigating the path forward in developing this theological perspective. Beyond emphasising the historical context, the volume aims to contribute to broader discussions about social cohesion in South Africa where conflicting socio-political narratives persist. This work adds to the theoretical development by grappling with the history of Black theological thought and influences contemporary engagements with theology. Its impact spans various levels encompassing the reconsideration of Black theology's influence on race, gender, politics, community development, and more. Ultimately, this volume serves as a catalyst for understanding and reshaping the discourse on Black theology, offering valuable insights for navigating the complexities of theological thought in today's diverse and evolving landscape.
