real life classroom situations to address the challenge of effectively connecting theory and research to practice Succinct
stand alone modules are organized into themed units and offer instructors the flexibility to tailor the book s contents to the
needs of their course The units begin with a set of case studies written for early childhood elementary middle and secondary
classrooms providing students with direct insight into the dynamics influencing the future students they plan to teach All 25
modules highlight diversity emphasizing how psychological factors adapt and change based on external influences such as
sex gender race language disability status and socioeconomic background The Fourth Edition includes over three hundred
new references across all 25 modules and expanded coverage of diversity in new diversity related research This title is
