*The Detergent Illusion* Jacqueline S. Dodge, 2026-03-05 Look inside your washing machine during a cycle You see a mountain of thick white foam and assume your clothes are getting a deep powerful clean But those bubbles are completely useless They are an artificial additive engineered solely to satisfy a psychological craving for visible action The Detergent Illusion is a masterclass in consumer manipulation In the mid 20th century chemical companies realized they could not sell highly efficient low sudsing detergents because housewives equated bubbles with cleanliness So they added foaming agents that do absolutely nothing for stain removal Today the industry continues to sell us overdosed liquid pods and fabric softeners that coat our clothes in suffocating microplastics solving problems that they themselves invented This book explores the industrial chemistry and marketing psychology of the household cleaning aisle It reveals the toxic environmental toll of our obsession with artificial fragrances and clinical sterility proving that we are literally washing money down the drain Break free from the marketing spin of the cleaning industry Learn the true chemistry of cleanliness cut your household expenses and embrace a simpler less toxic approach to everyday hygiene
