*The 21st Century Mother's Guide to Managing Time and Taking Control of Your Life!* Susan Tatsui-D'Arcy, 2006-12-19  
This guide takes mothers through all the steps they'll need to restore order and organization to their life and the lives of those around them. The program emphasizes time management, careful planning, and ongoing communication with family and coworkers. Mothers are guided to enter all their regular commitments into the planner. But there's also an eye for the bigger picture: long-term goals are entered next, and then they are broken into more manageable subtasks. Next, mothers are shown how to coordinate with the other members of their family and how to get them organized, too. Three chapters are devoted to cooking, housekeeping, and shopping. There is a fun chapter dedicated to scheduling time for you, as well as a chapter on maintaining motivation and a chapter on miscellaneous ways to better utilize time. After following these steps, you'll be amazed at how much more time you have and how much more in control you feel. Chicago Tribune Index, 2007 *The New York Times Index*, 2006 **The Washington Post Index**, 1989 *Sports, Jobs, and Taxes* Roger G. Noll, Andrew Zimbalist, 1997-10-01 America is in the midst of a sports building boom. Professional sports teams are demanding and receiving fancy new playing facilities that are heavily subsidized by government. In many cases, the rationale given for these subsidies is that attracting or retaining a professional sports franchise, even a minor league baseball team or a major league pre-season training facility, more than pays for itself in increased tax revenues, local economic development, and job creation. But are these claims true? To assess the case for subsidies, this book examines the economic impact of new stadiums and the presence of a sports franchise on the local

economy It first explores such general issues as the appropriate method for measuring economic benefits and costs the source of the bargaining power of teams in obtaining subsidies from local government the local politics of attracting and retaining teams the relationship between sports and local employment and the importance of stadium design in influencing the economic impact of a facility The second part of the book contains case studies of major league sports facilities in Baltimore Chicago Cincinnati Cleveland Indianapolis San Francisco and the Twin Cities and of minor league stadiums and spring training facilities in baseball The primary conclusions are first sports teams and facilities are not a source of local economic growth and employment second the magnitude of the net subsidy exceeds the financial benefit of a new stadium to a team and third the most plausible reasons that cities are willing to subsidize sports teams are the intense popularity of sports among a substantial proportion of voters and businesses and the leverage that teams enjoy from the monopoly position of professional sports leagues *The New Yorker* ,1987 **Sepia** ,1973 *The Sporting News* ,1980-02
