Rural STEM Education Research: Bridging between Uniqueness and Universality
Guan Saw,Angela Starrett,Audrey Meador ,Hobart Harmon,2026-01-23

The opposition between uniqueness and universality in rural science technology engineering mathematics and medicine STEM education research is an enduring feature of the field Theories and methods developed to be universally applicable are constantly adopted or reimaged in studying and understanding certain unique STEM education phenomena or issues within and across rural contexts partly due to the vastness and variety that exists in what is labeled as rural and or STEM education Research ideas and findings focused on a unique rural population or setting often can have universal implications for other rural and non rural populations or settings though not explicitly articulated in many publications Striving to be both unique and universal is a fundamental challenge yet has the potential to advance knowledge and practice in the field of rural STEM education The overall goal of this Research Topic is to introduce and explore the ideas of rural focused and rural reimaged approaches in potentially bridging the gaps between uniqueness and universality in STEM education research Rural focused theories and constructs e g place based education rural identity are centered around populations and issues in rural settings whereas rural reimaged theories and constructs e g urban rural spatial inequality social capital expectancy value beliefs are traditional theories and constructs that are reconceptualized to include rural perspectives in the studies This Research Topic seeks articles that examine both the uniqueness and universality of rural STEM education and educational research utilizing rural focused and or rural reimaged lens or approaches We particularly welcome articles that address unique assets challenges needs opportunities and or lessons learned of rural STEM education while being situated in a broader research discipline as well as articles that explore the commonalities and connections across study cases policies programs practices or contexts of rural STEM education This Research Topic invites theoretical methodological and empirical contributions addressing but not limiting to the following key topics Rural focused topics Defining rurality in STEM education Defining STEM in rural areas Place based STEM teaching learning etc Rural STEM identity belonging etc STEM education in rural serving postsecondary institutions STEM education for local workforce development Rural reimaged topics Urban rural spatial inequality in rural STEM education Community cultural wealth in rural STEM education STEM funds of knowledge of rural learners Underrepresentation of rural students in STEM education Intersectionality in rural STEM education Critical policy analysis in rural STEM education Communities of practice in rural STEM education Research practice partnerships for rural STEM education Articles need to define rurality for interpretation by international readers and describe the uniqueness and universality of the research topics theories methods findings and or implications in the context of rural STEM education

Coding for Children and Young Adults in Libraries Wendy Harrop,2018-07-15 Coding for

Children and Young Adults in Libraries is an all inclusive guide to teaching coding in libraries to very young learners as young as 4 or 5 years old This book will provide all librarians whether they are brand new to the idea of coding or fairly experienced with it with both the foundation to understand coding and tools they can use The book features lessons ideas and information about the newest and the best coding tools and templates for creating coding clubs and classes It also provides options for all technology environments for those libraries with very few devices available to those with many to choose from Readers will both learn the essentials for teaching coding to young kids as well as how to organize coding programming in the library This book takes an in depth look at what tools are available both high tech and low to help kids learn this important skill Whether you re novice or experienced in the world of coding this book will have what you need to set up library coding clubs help kids with game design and even program robots **Science** John Michels (Journalist),2005 A weekly record of scientific progress **Post Exchange and Ships Service Stores** ,1951 **Academic Excellence with Civic Responsibility: The First Decade of Service-Learning at PolyU** Stephen Chen □□□,Grace Ngai □□□,2024-11-01 This book tells the story of the first ten years of Service Learning at The Hong Kong Polytechnic University highlighting what has been accomplished through Service Learning and how Service Learning can profoundly benefit wider society Through this book the authors hope to share their experiences and insights and inspire other interested parties to join the Service Learning community to foster a brighter and more sustainable future **Construction Equipment and Materials** ,1961 **American Gardening** ,1900 *Occupational Safety and Health* ,1951 **Motor Cycling and Motoring** ,1911 **Bulletin of the American Dahlia Society** American Dahlia Society,1930 **Low Rider** ,1991 **The Commercial Motor** ,1910 *The Motor Car Journal* ,1909 **American Machinist** ,1913 Supervisor's Survival Kit Elwood N. Chapman,1990 Social Impact of Research in Psychology Marta Soler-Gallart,Erica Rosenfeld Halverson,Sara Cadavid,2022-02-08
