Alumni Association,1923 **Digital Transformation: Evaluating Emerging Technologies** Tugrul U Daim,2020-07-28 Selecting the right technology is one of the most critical decisions in technology driven enterprises and no selection is complete without a thorough and informed evaluation This book explores the digital transformation movement from three perspectives the technological the personal and the organizational The technical perspective analyses and evaluates new and up and coming technologies such as IoT and Cloud Technology The personal perspective focuses on the consumer s attitude and experience in the adoption of technologies such as smart homes smart watches drones and wireless devices And the organizational perspective focuses on evaluating how technology driven an organization and their core activities or products are This book is an ideal reference for managers who are responsible for digital transformation in their organizations and also serves a good starting point for researchers interested in understanding the trend The book contains case studies that may be used by educators in MBA and Engineering and Technology Management MS programs covering digital transformation related courses **Accelerating the Transition to a 100% Renewable Energy Era** Tanay Sıdkı Uyar,2020-06-05 This book discusses renewable energy systems and applications and demonstrates how an accelerated transition to 100% renewable energy can be achieved It examines the systems from a thermodynamic perspective focusing on the irreversible aspects of the current energy system and highlighting the solutions developed to date Presenting global research and developments this book is intended for those working within the field of renewable energy research and policy who are interested in learning how they can contribute to the transition from fossil fuels to renewable resources [What's in the Magazines, \[monthly\] for the Years ,1907](#) *Business Model Innovation in the Era of the Internet of Things* Jan F. Tesch,2019-01-09 This book outlines an integrative framework for business model innovation in the paradigm of the Internet of Things It elaborates several tools and methodologies for the quantitative qualitative analytical and effectual evaluation and analyzes their applicability and efficiency for several phases of the business model innovation process As such it provides guidance to managers decision makers and entrepreneurs on how to systematically employ the business model concept with the aim of achieving sustainable competitive advantages For researchers the book introduces cases and examples for successful business model innovation and presents an integrated approach to the methods and tools applied **Printers' Ink Monthly** ,1928 *The Voice Catchers* Joseph Turow,2021-05-18 Your voice as biometric data and how marketers are using it to manipulate you Only three decades ago it was inconceivable that virtually entire populations would be carrying around wireless phones wherever they went or that peoples exact locations could be tracked by those devices We now take both for granted Even just a decade ago the idea that individuals voices could be used to identify and draw inferences about them as they shopped or interacted with retailers seemed like something out of a science fiction novel Yet a new business

sector is emerging to do exactly that The first in depth examination of the voice intelligence industry The Voice Catchers exposes how artificial intelligence is enabling personalized marketing and discrimination through voice analysis Amazon and Google have numerous patents pertaining to voice profiling and even now their smart speakers are extracting and using voice prints for identification and more Customer service centers are already approaching every caller based on what they conclude a caller s voice reveals about that person s emotions sentiments and personality often in real time In fact many scientists believe that a person s weight height age and race not to mention any illnesses they may have can also be identified from the sound of that individual s voice Ultimately not only marketers but also politicians and governments may use voice profiling to infer personal characteristics for selfish interests and not for the benefit of a citizen or of society as a whole Leading communications scholar Joseph Turow places the voice intelligence industry in historical perspective explores its contemporary developments and offers a clarion call for regulating this rising surveillance regime **International**

**Handbook of Positive Aging** Rachael E. Docking, Jennifer Stock, 2017-07-14 As our global demographic shifts towards an increasingly aging population we have an opportunity to transform how we experience and think about getting older and embrace the diversity and contribution that this population can bring to society The International Handbook of Positive Aging showcases the latest research and theory into aging examining the various challenges faced by older adults and the ways in which we can bring a much needed positive focus towards dealing with these The handbook brings together disparate research from medical academic economic and social community fields with contributions from NHS partners service users universities across the United Kingdom and collaborations with international research leaders in the field of aging Divided into sections the first part of the book focuses on introducing the concept of positive aging before going on to cover the body over the life course well being and care delivery All contributors recognise the fact that we are living longer which is providing us with a tremendous opportunity to enjoy and flourish in healthy and fulfilling later lives and this focus on the importance of patient empowerment is integral to the book This is a valuable reference source for those working in developmental psychology clinical psychology mental health health sciences medicine neuropsychological rehabilitation sociology anthropology social policy and social work It will help encourage researchers professionals and policymakers to make the most of opportunities and innovations to promote a person s sense of independence dignity well being good health and participation in society as they get older **Harper's New Monthly Magazine** ,1871 The Atlantic Monthly ,1914
