Dear Hiring Team/Manager,

I am writing to express my strong interest in the Summer Software Engineering Internship at OpenAI. Given my passion for interesting problems and my goal of improving people's lives, I would be excited to take one of my first steps in my engineering professional journey with OpenAI, a company with such an ambitious mission, and with such a relevant product in today's day and age.

As a participant in National Olympiads in Informatics and the ICPC, I have developed an enthusiasm for tackling challenging problems. This passion is further proven by my current involvement in research within my university's Algorithmics department, as part of the Honours Programme. These experiences have helped me develop my algorithmical thinking and problem solving skills.

My previous internship at Uber provided me with a solid foundation in software engineering while offering me my first taste of real teamwork at the same time. I had the opportunity to work on a web application meant to automate an internal process, ending with the tool being adopted by more than 10 teams of engineers. This experience posed a considerable challenge for me, one that I would welcome the chance to encounter again at OpenAI gladly.

What draws me to your company is the unique opportunity to help people and influence their lives in a way that is so significant today. I am excited about the opportunity to collaborate with engineers and researchers, as I highly value making the most out of any learning opportunity.

Additionally, I really value the chance to receive feedback from experienced mentors and contribute to such an influential product. I am confident that my strong academic background, coupled with my experience, makes me a suitable candidate for this job. I look forward to the opportunity to contribute to OpenAI's success, while continuing my professional growth at the same time.

Thank you for considering my application.

Sincerely,
Andrei Ionita
