NOW AN OWL Outstanding Work of Literature Leadership Award Winner. Every great leader is a great storyteller. As a manager, CEO or team leader, how can you innovatively engage your employees so that they understand where your organization came from, where it's going and how you're going to get there? How can you connect with your customers in a way that makes them believe in your company as passionately as you do? Paul Smith is one of the world's leading experts in business storytelling. He teaches people how to be more effective leaders by communicating their company's important mission, inspiring creativity and earning the trust of valued stakeholders. *The 10 Stories Great Leaders Tell* explores the journey behind success and breaks down not just the importance of your company's story but how to craft compelling ones of your own.

*Your Leadership Story* Tim Tobin, 2015-03-16. Stories have power. They move people in a way that facts and figures can't. Many leaders use stories as a tool, but leadership development expert Tim Tobin says most have no idea what tale their own leadership is telling. He shows how, by thinking of your career as a narrative with a plot, characters and an arc, you can increase your awareness of yourself as a leader and become more effective, insightful and inspiring. Using story as both a metaphor and a process for self-development, Tobin offers activities and questions that help you better understand your own leadership and how others perceive it. What is the plot of your leadership story, your overall goals and purpose? Who are the main characters and what roles do they play? How have the settings of your story influenced it? What are the conflicts that you need to resolve to move toward the ending you intend? But you have to share your story to make it an effective leadership tool. Tobin gives detailed advice on framing your message, finding ways to communicate it and understanding the role others play in furthering that message. If you don't tell your leadership story, other people will, and it may not be the story you want told. Taking control of your leadership story enables you to more consciously shape the impact you have in the world. You'll be better equipped to make decisions, choose actions that tell the story you want to tell, make stronger connections to those you lead and ensure that you become the kind of leader you want to be.

The year is 2023 and the United States is paralyzed with multiple home-grown terrorist attacks, dozens of displays of violent civil disobedience, protests and the inability of local authorities to quell the rising tide of discontent among the population of the country. Visual displays of opposing sides verbally and physically confronting each other are flashed on television screens and breathlessly reported by anchorpeople from coast to coast. Several alt-right groups are gaining recognition and more political power. Laws affecting women, minorities, immigrants and low-income people are watered down, marginalized or completely discarded. Politicians in Washington, D.C. begin blowing the age-old dog whistle of law and order as the cure-all answer to America's problems.
