

Ultimate Sleep Hacks

Put your phone down 2 hrs before bed. You'll thank us tomorrow, we promise.

Bust out the aromatherapy. And breathe in and out the zen vibes.

Use a weighted blanket. It's like getting tucked in with a giant hug.

Sleeping masks are equal parts fashionable and functional.

Try a white noise machine or sleep meditation to knock out in an instant.

Turn the TV off. That next episode will be just as good in the morning.

Get in the nighttime flow with some restorative yoga.

Save the intense workouts for earlier in the day. That adrenaline rush won't help you sleep.

Overinvested Nina Bandelj, 2026-01-20 What happens when children become investment projects and child rearing becomes exhausting labor Parents are exhausted When did raising children become such all consuming never ending incredibly expensive and emotionally absorbing effort In this eye opening book Nina Bandelj explains how we got to this point how we turned children into financial and emotional investments and

child rearing into laborious work At the turn of the twentieth century children went from being economically useful often working to support families to being seen by their parents as vulnerable and emotionally priceless In the new millennium however parents have become overinvested in the emotional economy of parenting Analyzing in depth interviews with parents national financial datasets and decades of child rearing books Bandelj reveals how parents today spend save and even go into debt for the sake of children They take on parenting as the hardest but most important job and commit their entire selves to being a good parent The economization and emotionalization of society work together to drive parental overinvestment offering a dizzying array of products and platforms to turn children into human capital from financial instruments to extracurricular programs to therapeutic parenting advice And yet Bandelj warns the privatization of child rearing and devotion of parents monies emotions and souls ultimately hurt the well being of children parents and society Overinvested offers a compelling argument that we should reimagine children and what it means to raise them
