

A large, red, rectangular sign with a black border, featuring the word "LEGO" in its iconic white, rounded, bubbly font with a thick yellow outline. The sign is mounted on a black structure. In the background, a blue and white striped building is visible, and a LEGO minifigure wearing a red hard hat and blue overalls is standing on a black ladder to the right of the sign.

The Routledge Companion to Strategic Risk

Management Torben Andersen, 2015-12-22 Managing risk in and across organizations has always been of vital importance both for individual firms and for the globalized economy more generally With the global financial crisis a dramatic lesson was learnt about what happens when risk is underestimated misinterpreted or even overlooked Many possible solutions have been competing for international recognition yet there is little empirical evidence to support the purported effectiveness of these regulations and structured control approaches which leaves the field wide open for further interpretation and conceptual development This comprehensive book pulls together a team of experts from around the world in a range of key disciplines such as management economics and accounting to provide a comprehensive resource detailing everything that needs to be known in this emerging area With no single text currently available the book fills a much needed gap in our current understanding of strategic risk management offering the potential to advance research efforts and enhance our approaches to effective risk management practices Edited by a globally recognized expert on strategic risk management this book will be an essential reference for students researchers and professionals with an interest in risk management strategic management and finance

The Culture Advantage Daniel Strode, 2022-08-03 Innovation is the key to making your business go the distance Innovate or die they say But where does innovation lie The answer is in your people Far from being the privilege of the unicorns of Silicon Valley innovation isn't dependent on business model structure or even budget By harnessing your people's power through a corporate culture of innovation you unlock business opportunities that your

competition won't have access to. The Culture Advantage is a blueprint to designing, implementing, and sustaining a culture that will not only celebrate innovation but will imbue it in everything your company and its people do. Culture evangelist Daniel Strode, with the help of some of the world's historically most inspiring and innovative businesses like The Walt Disney Company and The LEGO Group, as well as newer companies like Art Blocks from the Web 3.0 and blockchain space, breaks down the innovation puzzle. Through evaluating your business model, daring to chip away at it, empowering your people through technologies, psychological safety, and leadership, putting constraints onto their creative efforts, and hiring and collaborating with the right types of innovators, you'll discover how to enhance your adaptability and futureproof your business.

Research Handbook on the Sociology of Consumption Jennifer Smith Maguire, 2026-02-16. This Research Handbook explores the role of consumption in shaping the ways in which we live, work, and relate to each other. It brings together sociological research from around the globe to investigate how, where, and why we buy and use things, and what daily consumer choices and practices reveal about society.

Wise Growth Strategies in Leading Family Businesses J. Schwass, 2005-07-31. The majority of family businesses are both ill-prepared and ineffective at handling the emotional family-related and the rational business-related complexities they face. This book, a nine-year study of multi-generational award-winning family businesses, provides new and deep insights into their long-term success strategies.

Wise Family Business Joachim Schwass, Anne-Catrin Glemser, 2016-08-18. *Wise Family Business* aims to help families in business to identify new and better ways of achieving longevity, sustainability, and performance. The book presents ground-breaking new insights and practical examples from a range of growing family businesses in which the owning families are visible and, in most cases, have branded the business with their family name. This comprehensive and important study explores how family identity has the power to tie together families in business and leverage their values when developing and sharing the owner's vision with their stakeholder communities. Developing a family business identity is key when building and managing an authentic, recognizable, and trusted brand. It argues that family businesses that have successfully translated strong identities into strong brands are not only perceived as attractive employers but also add meaningful value to the business over generations.

Sustainable Transformation Strategy Paolo Taticchi, Melissa Demartini, Melina Corvaglia-Charrey, 2023-04-29. This casebook demonstrates how companies can design and execute corporate sustainability strategies into their overall business strategy to achieve sustainable transformation. It offers a set of case studies from different industrial sectors such as aerospace and defence, beauty, energy, engineering and construction, fashion, retail, financial services, food and hospitality, life sciences, motorsports, pharmaceutical, software, and toy production. Each story presents practical and concrete actions taken by companies to develop their sustainability strategies, as well as challenges and issues faced during the process. Concluding with best practices emerging from the cross-case analysis, this book is beneficial for sustainability and management professionals, students, and scholars.
