Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry J. Agustín Pastén B., 2020-12 Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry examines the ways in which Bolaño employs a type of literary aesthetics that subverts traits traditionally associated with postmodernism Pastén B coins these aesthetics postmodernism of resistance and argues that this resistance stands in direct opposition to critical discourses that construe the presence of hopeless characters and marginal settings in Bolaño's works as signs of the writer's disillusionment with the political as a consequence of the defeat of the Left in Latin America Rather he contends Bolaño creates a fictional world comprised of characters and situations that paradoxically refuse to accept defeat even while displaying the scars of terrible historical events In this work Pastén B challenges some critical assumptions about Bolaño's fiction and poetry that led to decontextualized interpretations of his work and offers a singularly comprehensive investigation that synthesizes multiple perspectives of a complicated author into one text *Rain Taxi Review of Books*, 2004

Reconsidering the Postmodern Thomas Vaessens, Yra Dijk, 2025-10-01 From Michel Houellebecq to Zadie Smith from Javier Marías to Arnon Grunberg this timely study takes its reader on a tour of European literature and the critical discussion around it Despite recent declarations of postmodernism's demise contemporary literature turns out to be entangled in a discussion with postmodernism It is time to critically evaluate this legacy Twelve specialists in the national literatures sketch the outlines of the debate Turning to literature itself they find it to be searching for new values after the relativizing force of postmodernism
