Alternative investments have become the brooding omnipresence of modern finance. The topics outlined and discussed in this text provide a meaningful stop on the road toward understanding the complexities and rewards of these instruments. Garry Crowder, Director, Institute for Alternative Investment Education and Research, Sponsored by the CAIA Association. The Chartered Alternative Investment Analyst (CAIA) program consists of a two-tier exam process: Level I and Level II, through which you may earn the CAIA charter. The Level I exam challenges your understanding of the alternative investment market's tools and terms and tests your knowledge of various trading strategies and performance measurements. The Level II exam assesses how you would apply the knowledge and analytics learned in Level I within an asset allocation framework. *CAIA Level II Advanced Core Topics in Alternative Investments* contains virtually all of the material on alternative investments that potential Level II candidates would need to know as they prepare for the exam: a multifaceted assembly of questions and problem-solving tasks.
