CAL FIRE AWARDS \$15 MILLION IN BUSINESSES AND WORKFORCE DEVELOPMENT GRANTS TO IMPROVE FOREST HEALTH AND PROVIDE WORKFORCE TRAINING FOR NATIVE AMERICAN TRIBES AND COMMUNITIES

\$15 million awarded to support restoration and the people and ecosystems that depend on California's forestlands

Sacramento – The California Department of Forestry and Fire Protection (CAL FIRE) Wood Products and Bioenergy Grants Program is announcing \$15 million has been awarded for [16 projects across the state](#).

These projects will fund expansion in workforce development and businesses involved in creating healthy, resilient forests across the state as outlined in [California's Wildfire and Forest Resilience Action Plan](#). The 16 grant awards support private businesses, non-profits, schools, and Tribes.

"CAL FIRE's Business and Workforce Development Grants Program is proud to support businesses and projects that are doing the vital work of maintaining and enhancing the wood products infrastructure of California to support healthy resilient forests," said CAL FIRE Assistant Deputy Director for Climate and Energy, Alan Talhelm. "Projects that receive support from these grants not only support forest health and wildfire resilience, but they also support the people and ecosystems that depend on California's forestlands."

The awardees address a wide variety of projects. Two grants will subsidize transporting low-value forest biomass. These projects are essential for the transportation of material out of high wildfire hazard zones, which would otherwise be cost prohibitive.

Five workforce development grants will provide new job training opportunities. One example being the Quartz Valley Indian Reservation in Siskiyou County, which will offer fire and fuels training to 100 people over the next three years, increasing local capacity for fuels management.

A total of four grants will be offered to small forest operations businesses. Grant funding was also offered to projects that further reforestation efforts in California as well as projects that will help build a new forest bioenergy production facility.

"CAL FIRE's Workforce Development Grant gives my team the opportunity to help California," said current grantee Taylor Parker of the Sierra Nevada Alliance. "Because of this funding, we are able to fill some crucial forestry gaps, increasing the quality of life for habitats and people in this process."

Cal Fire News Release:

California fire siege 2003 ,2003 **California Catastrophes** Gary Griggs,2024-09-24 California is the most populous state in the nation and has attracted immigrants since the gold rush in 1848 whether by accident or intention Although California also has more natural hazards per square mile than any other state as a result of straddling a plate boundary and because of its geologic adolescence this hasn t deterred others from moving here In addition to active faults and earthquakes the state has a myriad of other natural hazards that frequently wreak havoc on the state and its residents whether floods landslides and debris flows sea level rise and coastal erosion an occasional tsunami and now we have climate change with its more frequent droughts and wildland fires and more concentrated winter rainfall This book is about the state s vulnerability to natural hazards why and where we have these events what has happened in the past and what we can anticipate in the future And no place in the state is far from one natural hazard or another Most Californians have an innate interest in these events and not many years goes by without a catastrophe of one sort or another which can affect entire towns or regions California Catastrophes is the only book focused on the natural disaster history of the state Provided by publisher

Suburbia Reconsidered, Volume 3 Pavlína Flajšarová, Jiří Flajšar, Florian Freitag, Becky Nicolaides, Andrew Wiese,2025-11-20 This 3 volume set examines how suburban spaces shape and reflect human experiences in North America Europe and Asia bringing together works by an international group of scholars who explore suburbia through critical analyses of literature culture sociology history politics and urban planning The multidisciplinary and international scope of each volume offers readers a wide breadth of perspectives Suburbia Reconsidered thus contributes significantly to the expanding field of suburban studies by offering novel insights into the representation of suburbs in literature the cultural significance of suburban environments and the socio economic challenges confronting suburban communities across the globe Volume 3 of this 3 volume set addresses multiple dimensions of suburban social and political life as well as planning and history Contributors explore such themes as race and class exclusion the relationship of eugenics to suburban planning environmental impacts and activism in suburbia and the influence of Cold War geopolitics on suburban planning Some essays use history to explore implications for future suburban development around such themes as environmental policy and multiracial suburban community building These works use case studies to illustrate opportunities for creating more inclusive sustainable and culturally vibrant suburban spaces By integrating insights from literature cultural studies sociology history and urban planning Suburbia Reconsidered enhances our understanding of suburban spaces and their potential for positive transformation and encourages scholars to explore new methodologies and perspectives **International Handbook of Disaster Research** Amita Singh,2023-09-30 This handbook is a comprehensive source of information analysis and directions in disaster studies It goes beyond the oft explored issues of management and science related to the topic and explores policies governance law and decision making combined with the processes of implementation and enforcement all the while

integrating the latest science and technology updates related to the topic such as artificial intelligence and early warning systems It brings together studies which relate to sociology politics and institutional economics which work under the impact of resource availability issues of leadership and international laws Disasters are trans boundary and disaster studies are trans disciplinary It is this aspect which would form the fulcrum of contributions and present a new refreshing and innovative design for the handbook The transformatory pedagogy which started with the Hyogo Framework for action 2005 2015 and The Sendai Framework for Disaster Risk Reduction 2015 2030 outlines seven clear targets and four priorities for action to prevent new and reduce existing disaster risks The four priority areas around which the book would revolve are i Understanding disaster risk ii Strengthening disaster risk governance to manage disaster risk iii Investing in disaster reduction for resilience and iv Enhancing disaster preparedness for effective response and to Build Back Better in recovery rehabilitation and reconstruction
