Stop the Machines Mauro Lubrano, 2025-07-11 As we stand on the cusp of an AI revolution will we see the rise of

a new anti technology extremism that threatens to dismantle the gains of modern civilization In the first exploration of this phenomenon Mauro Lubrano traces the origins and evolution of anti technology violence across the globe He identifies three main groups fuelling such resistance insurrectionary anarchists eco extremists and eco fascists Exploring the justifications that underlie the opposition to technology and the strategies employed to stop the machines he shows how anti tech extremism has emerged as a reaction to the Anthropocene an attempt to undo the epoch of human domination The intellectual flexibility of this ideology lends itself to different causes from the class struggle against the techno elites to the defence of nature and white supremacy With fears about the risks of artificial intelligence mounting and the world beset by serious polycrises what is currently a fragmented fringe phenomenon holds the potential for dramatic escalation

To whom the majesty of kingship has not been conferred Samuel Tuominen,2022-05-31 How did Sir Isaac Newton the most important figure of the Scientific Revolution believe in literal fulfillment of the biblical prophecies on the end times What did he say about the foretold Antichrist What Paul really taught in 2 Thessalonians 2 3 on the revelation of the man of lawlessness Will Rapture precede that or vice versa How and why did Princess Diana think that her husband Charles the Prince of Wales was a murderer How and why did she think that there was a conspiracy against her and that he would murder also her in a staged car accident How does this relate to the biblical prophecies on the foretold Antichrist Why so many students of the Bible prophecy have taught since the early 1980s that Prince Charles could be actually the foretold Antichrist To many of us he seems superficially the most unlikely candidate for this role But is he in fact the most likely candidate based on the number of biblical prophecies on that man what Charles can fulfill more literally than any other presumed Antichrist candidate How there is hardly any biblical prophecy on that man s foretold attributes that Charles cannot already fulfill one way or another How has he taken lately a more prominent and visible political role Why Joe Biden and many other world leaders follow the post pandemic agenda called Build Back Better that Prince Charles launched in January 2020 at Davos together with the founder of World Economic Forum Klaus Schwab Why does its expert Justin Haskins think it represents the most significant threat to capitalism and individual liberty in more than a half century Why Prince Charles has been compared already with such bloodthirsty tyrants as Pol Pot like Michael Rubin did in his op ed in the Washington Examiner an American conservative news website and weekly magazine How Charles himself likes to compare himself with the cruel tyrants of the past centuries like Henry VIII How the Book of Daniel foretold the whole world history of the last twenty five centuries How it relates to Prince Charles Did Daniel see the history of the British Empire and its monarchy Did he see something epoch making to happen in 2023 What about the mysterious relic of the Middle Ages called True Cross And so much more in this book that one reader characterized as revolutionary

establishes a new theoretical foundation for thinking about the ethics of our extinction arguing that extinction would be very bad under most circumstances although the outcome might be on balance good Throughout the book graphs tables and images further illustrate how human choices and attitudes about extinction have evolved in Western history In its thorough examination of humanity s past this book also provides a starting point for understanding our future Although accessible enough to be read by undergraduates Human Extinction contains new and thought provoking research that will benefit even established academic philosophers and historians
