Canadian Cities In Transition Perspectives For An Urban Age

Trudi Bunting, Pierre Filion, Ryan Walker

Canadian Cities In Transition Perspectives For An Urban Age:

Canadian Cities in Transition Pierre Filion, Tara Vinodrai, Markus Moos, Ryan Christopher Walker, 2015-02-06 Canadian Cities in Transition is an unparalleled examination of the critical issues and major transformations taking place in urban Canada Examining all facets of Canadian cities including historical evolution economic dynamics environmental impacts and urban lifestyles this well balanced resource is crafted to help the next generation address the urban problems they have inherited *Canadian Cities in Transition*, 2020 A long standing market leading text for urban geography courses with a Canadian perspective Canadian Cities in Transition now in its sixth edition continues to examine the critical issues and major transformations taking place in urban Canada Examining all facets of Canadian cities including historical evolution dynamics of economy environmental impacts urban lifestyles cultural makeup social structure infrastructures governance planning and appearance the text is crafted to help the next generation address the urban problems they are inheriting and find solutions for them With new chapters on digital cities and sustainable development as well as new and expanded coverage of contemporary issues such as accessibility gentrification and the rise of the creative class the new edition offers a comprehensive and current study of Canadian cities written by Canadians for Canadians **Canadian Cities in Transition** Trudi E. Bunting, Pierre Filion, 2006 This collection of articles includes the work of newer younger urban scholars There are new chapters on Canadian perspectives on globalization and world city growth immigration and urban change and many extensively re written chapters from the previous edition **The Role of Canadian City Managers** Michael Fenn, Gordon McIntosh, David Siegel, 2023-04-28 Local government has rapidly become both more important and more complex and the quality of municipal management is becoming more significant every day as local governments deal with a vast array of organizational and community challenges The Role of Canadian City Managers brings together experienced city managers and municipal chief administrative officers CAOs across Canada to analyse the daily issues that they face Each chapter deals with a particular issue or challenge such as council staff relations collaborative initiatives and crisis readiness The book contributes to the literature on local government and public administration by providing insights from the real time lived experiences of city managers spoken in their own words The book also speculates about the contemporary leadership role of the city manager and the future of the city management profession The Role of Canadian City Managers is a useful resource for scholars and students of local government and public administration as well as public servants who work with or aspire to leadership roles within local government **The Handbook of Contemporary Indigenous Architecture** Elizabeth Grant, Kelly Greenop, Albert L. Refiti, Daniel J. Glenn, 2018-06-26 This Handbook provides the first comprehensive international overview of significant contemporary Indigenous architecture practice and discourse showcasing established and emerging Indigenous authors and practitioners from Australia Aotearoa New Zealand the Pacific Islands Canada USA and other countries It captures the breadth and depth of contemporary work in the field establishes the historical and

present context of the work and highlights important future directions for research and practice The topics covered include Indigenous placemaking identity cultural regeneration and Indigenous knowledges The book brings together eminent and emerging scholars and practitioners to discuss and compare major projects and design approaches to reflect on the main issues and debates while enhancing theoretical understandings of contemporary Indigenous architecture The book is an indispensable resource for scholars students policy makers and other professionals seeking to understand the ways in which Indigenous people have a built tradition or aspire to translate their cultures into the built environment It is also an essential reference for academics and practitioners working in the field of the built environment who need up to date knowledge of current practices and discourse on Indigenous peoples and their architecture

Planning Canadian Regions, Second Edition Gerald Hodge, Heather M. Hall, Ira M. Robinson, 2017-01-05 Planning Canadian Regions was the first book to integrate the history contemporary practice and emergent issues of regional planning in Canada This much anticipated second edition brings the discussion up to date applying the same thorough analysis to illuminate the rapid changes now shaping our regional landscapes This new edition draws upon contemporary analyses projects and literature to address issues of spatial complexity now facing regional planners in Canada Special attention is paid to the regional planning dimensions of climate change adaptation and environmental sustainability across Canada the development inequities faced in peripheral resource regions the role that Aboriginal peoples must play in the planning of their regions and the distinctive planning needs of metropolitan regions across the country This book challenges planners educators and policy makers to engage with the latest thinking and strive for best practices in twenty first century regional planning

Aging People, Aging Places Maxwell Hartt, Samantha Biglieri, Mark W. Rosenberg, Sarah Nelson, 2021-03-31 Bringing together academic research practitioner reflections and personal narratives from older adults across Canada this text provides a rare spotlight on the local implications of aging in Canadian cities and communities They provide a wide ranging and comprehensive discussion of how to build supportive communities for Canadians of all ages

Ottawology Tonya K. Davidson, 2025-10-30T00:00:00Z Ottawa is often understood only as the seat of the federal government marked by the neo Gothic parliament buildings on the hill and the many government office buildings Lively erudite and exciting Ottawology offers a unique and radical approach to studying the city injecting it with intrigue and verve and expanding collective narrow understandings of Canada's capital city Tonya Davidson takes readers on a wide ranging journey through a city populated not only by power brokers but also workers students seniors trees eels turtles skaters and rabble rousers Davidson applies her prodigious sociological imagination to critically explore an essential but little understood city Davidson's Ottawology offers a fascinating template for how to scrutinize the interactions between the weight of history and the effervescent motion of everyday life in a city She draws surprising connections from the role of the civil service to the acceleration of suburban sprawl and the one time incredible success of the city's bus rapid transit system to stories of nightlife policing play libraries

rivers and malls Davidson traverses the city's streets and hidden histories to show how social structures sustainability and social life intersect creating an elegant chronicle of the city's rich and fraught social life Unknown MIR Title Markus Moos, Tara Vinodrai, Ryan Walker, 2020-02-03 A long standing market leading text for urban geography courses with a Canadian perspective Canadian Cities in Transition now in its sixth edition continues to examine the critical issues and major transformations taking place in urban Canada Examining all facets of Canadian cities including historical evolution dynamics of economy environmental impacts urban lifestyles cultural makeup social structure infrastructures governance planning and appearance the text is crafted to help the next generation address the urban problems they are inheriting and find solutions for them With new chapters on digital cities and sustainable development as well as new and expanded coverage of contemporary issues such as accessibility gentrification and the rise of the creative class the new edition offers a comprehensive and current study of Canadian cities written by Canadians for Canadians **The Rise of the**

Neighbourhood in Canada, 1880s-2020s Richard Harris, 2025-03-31 Neighbourhoods matter now more than ever before They sustain fewer social connections but in an era of great social inequality and high levels of immigration they have become vital as places for homeowner investment and educational opportunity for children The Rise of the Neighbourhood in Canada 1880s 2020s traces the changing character and significance of Canadian urban neighbourhoods city and suburban since the 1880s The book highlights patterns in neighbourhood life particularly noticeable in larger urban areas which are especially important for the least mobile people workers lower income households immigrants women children and the elderly It explores how the physical and social characteristics of neighbourhoods affect public health crime rates social capital and job opportunities while shaping the lifelong prospects of children Analysing long term trends the book examines the importance of communications technology in the context of rising inequality and immigration It shows how as homeownership rose neighbourhoods became vital settings for investment increasingly financialized reducing affordability Using examples from all types of neighbourhoods in cities small and large from St John's through Montreal and Winnipeg to Victoria The Rise of the Neighbourhood in Canada argues that the current prominence of neighbourhoods will persist

Streetcars and the Shifting Geographies of Toronto Brian Doucet, Michael Doucet, 2022-03-01 When looking at old pictures of Toronto it is clear that the city's urban economic and social geography has changed dramatically over the generations Historic photos of Toronto's streetcar network offer a unique opportunity to examine how the city has been transformed from a provincial industrial city into one of North America's largest and most diverse regions Streetcars and the Shifting Geographies of Toronto studies the city's urban transformations through an analysis of photographs taken by streetcar enthusiasts beginning in the 1960s These photographers did not intend to record the urban form function or social geographies of Toronto they were accidental archivists whose main goal was to photograph the streetcars themselves But today their images render visible the ordinary day to day life in the city in a way that no others did These historic

photographs show a Toronto before gentrification globalization and deindustrialization Each image has been rephotographed to provide fresh insights into a city that is in a constant state of flux With gorgeous illustrations this unique book offers an understanding of how Toronto has changed and the reasons behind these urban shifts The visual exploration of historic and contemporary images from different parts of the city helps to explain how the major forces shaping the city affect its form functions neighbourhoods and public spaces

Canadian Cities in Transition Trudi Bunting, Pierre Filion, Ryan Walker, 2010 This completely revised fourth edition of *Canadian Cities in Transition* examines in depth the major transformations taking place in urban Canada and the transformation that must be set in motion if the society is to survive Presenting the city in all its facets historical evolution economic dynamics environmental impacts urban lifestyles cultural makeup social structure infrastructures governance planning appearance it is designed to help the next generation address the urban problems they are inheriting Topics new to this edition include Aboriginal peoples in urban Canada urban food systems the need for more walkable cities to stem the growing obesity epidemic and the startling but accurate concept of cities as human feedlots

Canadian Cities in Transition Trudi E. Bunting, Pierre Filion, 1991 As the federal government's recent New Deal for Cities suggests the importance of cities is now widely recognized Large urban centres are seen at once as primary engines of the economy and as concentrations of societal problems poverty homelessness criminality environmental degradation Calls are thus mounting not only for the allocation of more resources but for the adoption of new policies grounded in urban realities that will enable Canadian cities to function more effectively This third edition of *Canadian Cities in Transition* has been completely revised and updated Examining the uneven development and uncertain future of Canadian cities 41 specialists in the field urban geographers political scientists urban planners civil engineers offer state of the art understanding of everything from the evolution of the Canadian urban system to site specific design problems of transportation and infrastructure the containment of urban sprawl the impacts of immigration and gentrification and the sustainability of cities both environmentally and economically The 27 chapters are supported by abundant illustrative material maps tables figures and photographs and followed by two appendices one discussing the changing nature of urban research and the other presenting essential data on Canada's census metropolitan areas In addition for the first time this new edition includes a comprehensive bibliography Required reading for students of Canadian urban geography and urban studies *Canadian Cities in Transition Local Through Global Perspectives* will also be an invaluable resource for anyone concerned about the future of Canada's cities

Book jacket *The Urban Response to Internationalization* Peter Karl Kresl, Earl H. Fry, 2005 Accelerated trade and financial market liberalization have had significant impacts on the global economy and its component entities In this volume the authors examine the impacts of these changes on the economies of urban areas and the responses to them They provide a comprehensive treatment of the issues surrounding internationalization

Urban Futures for Central Canada: Perspectives on Forecasting Urban Growth and Form

University of Toronto. Centre for Urban and Community Studies,1974 **Urban Policy Issues** Edmund P. Fowler,David Siegel,2002 Including new and original readings this collection examines how Canadian municipal governments have responded to some of the most fundamental changes to the municipal system since its origins in the nineteenth century It focuses on issues of housing transportation and public health charting current changes such as the growth in size and scope of municipalities and pointing to an increase in power of municipal governments While it is unlikely that provincial governments will ever formally accede any direct policy making powers to the municipalities the editors conclude that these changes mean the local governments will gradually obtain a de facto status as real policy making bodies **Urban Governance in Canada** Katherine A. Graham,Susan D. Phillips,Allan M. Maslove,1998 Studies in Political Economy ,1998 *Perspectives Canada III* ,1980 **Environment and Planning** ,2006
