Snapchat Fall Boots Deal:

Snap Belinda Bauer, 2018-07-03 A teenage boy hunts for his mother's killer in this Man Booker Prize longlisted novel by the true heir to the great Ruth Rendell. Mail on Sunday UK. Just before Jack's mother disappeared up the road to get help, she put the eleven-year-old boy in charge of his two sisters. As they wait for her on the shoulder of the road in their stifling broken-down car, the three children bicker, whine, and play I Spy. But their mother never comes back. And after that long, hot summer's day, nothing will ever be the same again. At fifteen years old, Jack is still in charge, supporting his sisters any way he can while evading social services. Meanwhile, a young woman across town wakes to find a knife beside her bed and a note reading "I could have killed you." The police are tracking a mysterious burglar they call Goldilocks for his habit of sleeping in the beds of the houses he robs. But the woman doesn't see the point of involving the police. And Jack, very suddenly, may be on the verge of finding out who killed his mother. The Gold Dagger Award-winning author of *Blacklands* reaffirms her reputation for masterful, twisty crime fiction with this unnerving suspense novel. Marilyn Stasio, *The New York Times* **Cold Snap** Thom Jones, 2016-11-08 Following his celebrated debut collection *The Pugilist at Rest*, National Book Award nominee Thom Jones delivers a lacerating collection of stories that plunges us once again into an edgy, adrenalized world of desire, mania, and rage. In ten new stories, Jones introduces us to hard-luck fighters steeling themselves for battles they've already lost; doctors who fall in love with their illnesses; and a strung-out advertising writer who uses the hand of the devil to do the work of God. At the end of the day, the only ones still standing have gone head-to-head with the world's brutality and remain ready, hopelessly potent, yet irreversibly doomed to battle all over again. Thom Jones has a wicked appetite for existential calamity and unflinching humor. In its presence, his writing is mesmerizing, sometimes fevered, and impossible to put down. **Cold Snap** resoundingly confirms what thousands already know: Thom Jones is here to stay. *Snap* T. Unlike other big game animals that have declined in population due to man's development of wild lands, the whitetail has thrived. In fact, some of the largest bucks in the record books were taken in small woodlots near major cities. *Hunting Record Book Bucks* focuses on the advanced strategies of the top whitetail deer experts in North America.
