Competency-Based Accounting Education, Training, and Certification Alfred Borgonovo, Brian Friedrich, Michael Wells, 2019-06-06 This guide is designed to assist all those who are responsible for providing or overseeing formal education or practical experience that forms part of the initial professional development of aspiring professional accountants or the continuing professional development of professional accountants. It is particularly relevant to professional accountancy organizations. It is also intended for policy makers and regulators who determine which organizations are licensed to certify professional accountants and related specializations for example audit professionals. The purpose of the guide is to increase understanding of the gap between the current skills of many accountants in some regions and the skills that are relevant in increasingly digitized and globalized economies. It conveys the essential features of Competency Based Accounting Education Training and Certification. CBAETC provide a common reference framework for organizations pursuing CBAETC and the consultants working with them. It assists countries in developing in country plans and implementing in country processes that produce accountants with higher order skills relevant to their economy's rapidly evolving needs and improve financial reporting auditing and regulation. This guide complements and builds on International Education Standards IES of the International Accounting Education Standards Board IAESB.

Language Education and Human Rights in Democratic Educational Settings Rousoulioti, Thomais, Pitsou, Charikleia, Saglam, Asli, Finch, Katy, 2025-10-09 Language education plays a role in human rights within democratic educational settings where inclusivity and equality are foundational principles. Access to quality language education empowers individuals to participate in society, exercise their rights and preserve their cultural and linguistic identities. In multilingual and multicultural democracies ensuring all students can learn languages promotes social cohesion and educational equality. Language education is imperative to human rights supporting the broader goals of democracy diversity and justice in education. *Language Education and Human Rights in Democratic Educational Settings* explores the critical role of language at all levels of education and its profound impact on the human rights of plurilingual students. By examining the social pedagogical and legal dimensions of language rights it highlights how equitable language policies can empower students foster inclusion and ensure their right to a democratic education that respects and values their linguistic and cultural identities. This book covers topics such as democracy artificial intelligence and language rights and is a useful resource for educators sociologists policymakers academicians researchers and scientists.

Past, Present and Future of Computing Education Research Mikko Apiola, Sonsoles López-Pernas, Mohammed Saqr, 2023-04-17 This book presents a collection of meta studies reviews and scientometric analyses that together reveal a fresh picture about the past present and future of computing education research CER as a field of science. The book begins with three chapters that discuss and summarise meta research about the foundations of CER its disciplinary identity and use of research methodologies and theories. Based on this the book proceeds with several scientometric analyses which explore
