## **Concert Tickets Compare:**

*Considering Comparison* Oliver Freiberger, 2019-01-02 The comparative method is an integral part of religious studies All the technical terms that scholars of religion use on a daily basis such as ritual hagiography shrine authority fundamentalism hybridity and of course religion are comparative terms Yet comparison has been subject to criticism including postcolonialist and postmodernist critiques Older approaches are said to have used comparison primarily to confirm preconceptions about religion More recently comparison has been criticized as an act of abstraction that does injustice to the particular neglects differences and establishes a mostly Western power of definition over the rest of the world In this book Oliver Freiberger takes a closer look at how comparison works Revisiting critical debates and examining reflections in other disciplines including comparative history sociology comparative theology and anthropology Freiberger proposes a model of comparison that is based on a thorough epistemological analysis and that takes both the scholar's situatedness and his or her agency seriously Examining numerous examples of comparative studies *Considering Comparison* develops a methodological framework for conducting and evaluating such studies Freiberger suggests a comparative approach which he calls discourse comparison that confronts the omnipresent risks of decontextualization essentialization and universalization This book makes a case for comparison arguing that it is indispensable for a deeper analytical understanding of what we call religion The book is intended to enrich the practice of both aspiring and seasoned comparativists stimulate much needed further discussions about comparative methodology and encourage more scholars to produce responsible comparative studies

**Teaching Students with Emotional and Behavioral Disabilities** Brittany L. Hott, Kathleen M. **The Psychological Science of Money** Erik Bijleveld, Henk Aarts, 2014-07-10 Money The root of all evil Arguably Essential to our lives Certainly A main driver of human thought emotion and action Absolutely and psychology and its related fields are getting closer to understanding its complex role in human behavior and in society The Psychological Science of Money brings together classic and current findings on the myriad ways money affects brain mind and behavior to satisfy not only our needs for material gain but also for autonomy and self worth Leading experts trace the links between early concepts of value and modern symbolic meanings of wealth in addition to identifying the areas of the human brain that together act as its financial center This cross disciplinary analysis helps clarify the neuroscience behind pathological gambling the critical role of time in financial decisions and the impact of money on diverse personal activities and interpersonal relationships Included in the coverage Materiality symbol and complexity in the anthropology of money The relative and absolute subjective value of money Conscious and unconscious influences of money two sides of the same coin A life course approach to dealing with monetary gains and losses Motivation and cognitive control beyond monetary incentives An integrative perspective on the science of getting paid The psychological science of spending The unique role of money in society makes The Psychological Science of Money a singularly fascinating resource with a wide audience among social psychologists industrial and organizational psychologists economists sociologists anthropologists and public policymakers

*Stumbling on Happiness* Daniel Gilbert, 2009-02-24 A smart and funny book by a prominent Harvard psychologist which uses groundbreaking research and often hilarious anecdotes to show us why we re so lousy at predicting what will make us happy and what we can do about it Most of us spend our lives steering ourselves toward the best of all possible futures only to find that tomorrow rarely turns out as we had expected Why As Harvard psychologist Daniel Gilbert explains when people try to imagine what the future will hold they make some basic and consistent mistakes Just as memory plays tricks on us when we try to look backward in time so does imagination play tricks when we try to look forward Using cutting edge research much of it original Gilbert shakes cajoles persuades tricks and jokes us into accepting the fact that happiness is not really what or where we thought it was Among the unexpected questions he poses Why are conjoined twins no less happy than the general population When you go out to eat is it better to order your favourite dish every time or to try something new If Ingrid Bergman hadn t gotten on the plane at the end of Casablanca would she and Bogey have been better off Smart witty accessible and laugh out loud funny *Stumbling on Happiness* brilliantly describes all that science has to tell us about the uniquely human ability to envision the future and how likely we are to enjoy it when we get there

**Sports & Hobbies Math** Saddleback Educational Publishing, 2011-09-01 The reproducible lessons in each of the six books in this series presents topics students are likely to encounter in everyday life Each book contains problems that involve estimation equations mental math calculators and critical thinking Additional concept specific skills in each book include graphing

averages statistics ratios and measurement These 112 page reproducible books include teacher notes and tips answer keys reference guides lessons unit reviews and more Units include Making Choices Mind Games Hobbies Clubs Sports Camping Travel Extending Family **Exchange Rates and International Finance** Laurence S. Copeland,1989 Exchange Rates and International Finance provides a guide to the causes and consequences of exchange rate fluctuations The orientation of the book is towards exchange rate determination with particular emphasis given to the contributions of modern finance theory

*Symphony News* ,1979 [A Complete Word and Phrase Concordance to the Poems and Songs of Robert Burns](#) J. B.

Reid,1889 **Choice and Change** William Dickneider,David Kaplan,1978 **Tragical History of Dr. Faustus**
