Ken Plummer,2021-09-01 We live in a mutilated world and our humanity seems irrevocably damaged Many critics suggest we have reached the end of humanity In this challenging book Ken Plummer suggests that such claims may be premature instead what we need is a new transformative understanding of humanity Critical Humanism critically reflects upon and reimagines humanism for the twenty first century What is now required is a fresh wide ranging imaginary of an open worldly plural and caring humanity It needs to take a critical stance towards older often divisive ideas of what it means to be human while reconnecting to a wider understanding of the rich diversity of life in the pluriverse In an age of post and transhumanist turns Plummer provides a personal political and passionate call for thinkers researchers and activists to not turn their backs on humanism We need instead to create a vital new political imaginary of being human in a connected planet We simply cannot afford to be anti human or posthuman Restoring our belief in humanity has never been more important for edging towards a better world for all **PC Magazine** ,2005 *Cartographic Perspectives* ,2011 **Moderator-topics** ,1910
