Nombre Falso:

Nombre falso Ricardo Piglia, 2014-03-01 Una miscelánea de géneros que se extiende desde el relato policial hasta la autobiografía. *Nombre falso* es una colección de cinco relatos y una novela corta de título homónimo. Aquí sobrevuelan algunos motivos recurrentes de la narrativa pigliana: el filo doble de la historia, la periodística, la oral, la personal, la arquitectura del complot y la frontera permeable de los géneros y las formas. En la *nouvelle* que cierra el volumen, el autor retoma su alter ego habitual Emilio Renzi para ahondar en la obra de Roberto Arlt e incluso idear sus modos de escritura. Esta edición recupera el orden original de los relatos e incluye *El fin del viaje* y *La loca* y el relato del crimen. [Mapping South American Latina/o Literature in the United States](#)

Juanita Heredia, 2018-03-13 This collection of interviews demonstrates that U.S. Latinas/os of South American background have contributed pioneering work to U.S. Latina/o literature and culture in the twenty-first century. In conversation with twelve significant authors of South American descent in the United States, Juanita Heredia reveals that through their transnational experiences they have developed multicultural identities throughout different regions and cities across the country. However, these authors' works also exemplify a return to their heritage in South America through memory and travel, often showing that they maintain strong cultural and literary ties across national borders. As such, they have created a new chapter in trans-American history by finding new ways of imagining South America from their formation and influences in the U.S.

Borges and Translation Sergio Gabriel Waisman, 2005 This book studies how Borges constructs a theory of translation that plays a fundamental role in the development of Argentine literature and which in turn expands the potential for writers in Latin America to create new and innovative literatures through processes of re-reading, rewriting, and mis-translation. The book analyzes Borges's texts in both an Argentine and a transnational context, thus incorporating Borges's ideas into contemporary debates about translation and its relationship to language and aesthetics. Latin American culture and identity, tradition and originality, and center-periphery dichotomies. Furthermore, a central objective of this book is to show that the study of the importance of translation in Borges and of the importance of Borges for translation studies need not be separated. Furthermore, translation studies has much to gain by the inclusion of Latin American thinkers such as Borges, while literary studies has much to gain by in-depth considerations of the role of translation in Latin American literatures. Sergio Waisman is an Assistant Professor of Spanish at The George Washington University.

Pequeno Larousse, Ilustrado. 1990 Pierre Larousse, 1918 [Translating Home in the Global South](#) Isabel C. Gómez, Marlene Hansen Esplin, 2023-11-30 This collection explores the relationships between acts of translation and the movement of peoples across linguistic, cultural, and physical borders, centering the voices of migrant writers and translators in literatures and language cultures of the Global South. To offer a counterpoint to existing scholarship, this book examines translation practices as forms of both home building and un-homing for communities in migration. Drawing on scholarship from translation studies as well as eco-criticism, decolonial thought, and gender studies, the book's three parts critically reflect

on different dimensions of the intersection of translation and migration in a diverse range of literary genres and media Part I looks at self translation collaboration and cocreation as modes of expression born out of displacement and exile Part II considers radical strategies of literary translation and the threats and opportunities they bring in situations of detention and border policing Part III looks ahead to the ways in which translation can act as a powerful means of fostering responsibility solidarity and community in building an inclusive multilingual public sphere even in the face of climate crisis This dynamic volume will be of particular interest to students and scholars in translation studies migration and mobility studies postcolonial studies and comparative literature The Introduction of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution NonCommercial NoDerivatives CC BY NC ND 4 0 International license 4 0 license
