China in Disintegration James E. Sheridan, 2008-06-30 After the 1911 fall of the Manchus came the most hideous breakdown in Chinese history Sheridan a Northwestern University scholar concentrates on the Kuomintang movement of Chiang Kai shek insisting that we judge a political force by whether it solves the problems posed to it not as Chiang s partisans prefer by means of what if s Sheridan s focus on the KMT brings more to light than do many surveys of Mao s revolutionaries The KMT failed either to create an effective dictatorship or to mobilize fascist passions which could ensure willingness to sacrifice Thus the difficulty in squeezing enough wealth out of the peasantry to meet a foreign debt which totaled half the national revenue The KMT did ensure that forced opium production took up at least a fifth of Chinese cropland by the 1929 1933 period and they consolidated a soldier recruitment system that approximated Nazi roundups However the book underlines Chiang s failure to give the masses a Strength through Joy spirit and as wartime inflation of 300% gave way to postwar collapse the anti Communist pitch became emptier and emptier The Kuomintang turned into a mere holding operation and faded into chaos Sheridan gives a strong sense of the rapine of the warlords who were Chiang s off and on allies and of the feeble heritage of Sun Yat sen s patriotic platitudes He leaves out explicit investigation of the international context while underlining more than most writers Chiang s commitment to repay external debt at the expense of the Chinese people A sound and striking approach to these decades of desperation in the lives of a quarter of the human population if not bypassed in the glut of China books it may encourage students and academics to go further Kirkus Reviews
