**Market Street Pastor** Eric Hoke,2024-09-26 Pastors want to work hard to provide for their families be radically generous and build a legacy of ministry that they can be proud of In the modern ministry vocation the only way to do this is to expand vocational options and earn additional income outside of the church The problem is that pastors have only ever worked in churches and have no idea how to message their valuable skills in a way that makes sense to hiring managers in the open marketplace As a result they are paralyzed and frustrated because they know that they could break into the workforce earn more money and meet community members outside the church but don't know where to start on the job hunt Eric Hoke understands how difficult it is to change industries and move from being a pastor to a marketplace professional because he did it in New York City where he spent ten years living and ministering as a church planter while

also working in Manhattan for profits Hoke has helped thousands of others to do the same through a proven five step process that helps pastors break into the marketplace and build a ministry of sustainability Free Stuff from America Online
