This book explores the distinctive nature of clinical legal education in a range of global contexts The emergence of law school based clinical legal education has been recognised as a major innovation in modern legal education At its best it integrates the academic rigour of university based learning with the practical ethical and social justice insights that come from structured work with clients This book examines what makes clinic different from other aspects of legal education and how it differs from experiential learning in other disciplines particularly in its emphasis on social justice It provides an analysis of various models that support student learning in community settings from 66 contributors across the globe Learning goals teaching methods focus areas forms of student involvement engagement with lawyers and the challenges faced are all identified as important in giving clinical legal education its local flavour Exploring the role of technology in clinic and the significant growth in technology based clinics the book reviews the ways in which clinics harness technology to serve diverse client communities and extend the global reach of clinical legal education particularly in light of the ongoing COVID 19

pandemic This book will be of particular interest to researchers in the fields of clinical legal education and the use of emerging technologies in legal education The Moral Vision of Pope Francis Conor M. Kelly, Kristin E. Heyer, 2024 The papacy of Pope Francis has ushered in remarkable changes for the Roman Catholic Church From a new emphasis on collegiality in ecclesial governance to a transformed set of public priorities for the global church Pope Francis's unique model of pontifical leadership holds far-reaching implications for virtually every aspect of Catholic practice Catholic theology is not immune and yet Catholic moral theology particularly in the United States has still not grappled fully with the emphases of Francis's pontificate To address this lacuna the proposed edited volume brings together diverse Catholic ethicists in the United States to reflect on Pope Francis's implicit approach to moral theology in order to clearly establish the unique insights of the first Jesuit pope Its contribution enables the Francis revolution to impact the practical concerns of ordinary Catholics in a more meaningful way **Clinically Based Teacher Education in Action** Eva Garin, Rebecca West Burns, 2020-02-13 This book explores the evolving landscape of teacher education in the U S focusing on Professional Development Schools as models for high quality school university partnerships It examines the Nine Essentials of PDSs and provides case studies from around the world showcasing innovative approaches World Guide to Religious and Spiritual Organizations Union of International Associations, 1996 Spatializing Language Studies Sébastien Dubreil, David Malinowski, Hiram H.
