the art of shifting your state of mind in order to unlock your true potential is a must for anyone who wants to reach the top. Learn how world's top performers use these altered states in order to get the best results possible. In this book the best of the best will be analyzed with the purpose of extracting their ways of shifting their state of mind and obtaining the best results possible. Note: This summary is wholly written and published by Abbey Beathan. It is not affiliated with the original author in any way. With the prefrontal cortex down-regulated, most impulse control mechanisms go offline too. For people who aren't used to this combination, the results can be expensive. Steven Kotler's *Stealing Fire* is all about cutting-edge research and firsthand reporting in order to delve in and discover the mysteries of human performance. It's definitely one of the most misunderstood concepts in the world but also one of the most important ones. Altered states are the key to taking your performance to the highest level. Googlers, the Navy SEALs, and the most successful CEOs are here to teach you how they unlocked their inner potential and boosted their performance. P.S. *Stealing Fire* is an extraordinary book that will aid you on the path of unlocking your inner potential. P.P.S. It was Albert Einstein who famously said that once you stop learning you start dying. It was Bill Gates who said that he would want the ability to read faster if he could only have one superpower in this world. Abbey Beathan. **How to Steal Fire** by Stephen Bayley, Roger Mavity, 2019-03-07. _____ Promises to show readers how to think boldly and spark imaginative thought. FT _____ Creativity is a powerful force. It drives innovation, boosts our economy, and enables us to fulfill our human potential. But what actually is creativity? Is it overrated? And where exactly do ideas come from in the first place? In this book, design gurus Stephen Bayley and Roger Mavity debunk the myths and common misconceptions that form our current thinking around this complex subject. In showing readers how to think boldly and remain undaunted by challenges, they examine the phenomenon from all sides, not only the creativity of invention and of imagination but also that of perception and of discovery in order to reveal the truths we often overlook. Ultimately, *How to Steal Fire* will help you reclaim yourself from the anonymity and dreariness of a data-driven culture and spark imaginative thought. *The Library: Book 3.10-end.
