Description:

Comprehensive coverage of the four major trading styles *Evolution of a Trader* explores the four trading styles that people use when learning to trade or invest in the stock market. Often, beginners enter the stock market by buying and holding onto a stock (value investing). That works well until the trend ends or a bear market begins. Then they try *Position trading*. This is the same as buy-and-hold, except the technique sells positions before a significant trend change occurs. *Swing trading* follows when traders increase their frequency of trading, trying to catch the short-term up and down swings. Finally, people try *Day trading* by completing their trades in a single day. This series provides comprehensive coverage of the four
