never knew what she wanted to be when she grew up Unlike her 3rd grade classmates who wanted to be attorneys astronauts chefs and doctors she never had THAT vision Her vision was unconventional and so was her answer to the teacher I DON T WANT TO BE BROKE were the words that escaped her mouth Loud and clear she confidently repeated it as second time as if the class didn t hear her the first time as confirmation of her big dream She was an honor roll student all throughout school then in her 12th grade year her High School Guidance Counselor told her in a meeting that kids like you don t go to college Confused and shocked by his comments she left that meeting more determined than ever to not become the statistic that society would try to box her in to be She went to college working three jobs to pay her way through school graduating with a Bachelor of Science in Accounting and went to work in Corporate America It didn t take long for her to start to feel the uncomfortable tug in her heart that she didn t want to be placed in a box and only make in a salary what her boss deemed she was worth Born to Multiply is about seizing and taking hold of the promises of God in the bible where wealth and riches is concerned and apply them to your life It s about employing your gifts that was placed inside of you before the foundations of the world to create wealth LaShawne believes that wealth follows purpose and no one has the right to tell you that you can only have a certain income level LaShawne disrupts the social economic norms that society tries to tag children of teen parents with In Born to Multiply she shares her journey and helps the reader discover how to transform financial suffocation to financial success *The Cashflow Quadrant*, 2010 *Cashflow Quadrant* Robert T.
