Reading Russian Literature, 1980-2024 Otto Boele, Dorine Schellens, 2024-10-09 This edited collection focuses on the nexus between literary consumption memory and collective identity formation in Russia from the 1980s until today It challenges perceived notions about the reduced social significance and identity building potential of contemporary Russian literature Drawing on a diverse set of primary source materials ranging from memoirs diaries and essays to fan art and BookToks the collection seeks to do justice to the diversity of an enormous reading public that is often routinely referred to as the Russian reader The case studies explore the reading habits and self understanding of very different audiences that are dispersed along regional gender generational and technological divides In doing so this collection examines both the continuities and shifts in the multifaceted relationship between literary consumption memory and identity during the profound and ongoing transformations in Russian society and its literary landscape

The Stolen Voice Oscar E. Compo, 2026-03-08 For decades recording an audiobook was an arduous highly specialized craft Today a narrator s voice can be cloned with a few hours of audio allowing machines to read infinite texts without ever taking a breath or demanding a royalty check This book uncovers the seismic shift disrupting the billion dollar audiobook industry It exposes the hidden contracts and opaque terms of service that have allowed tech companies to harvest the vocal identities of professional actors We delve into the murky legal battles over who truly owns the digital rights to a human s unique timbre and cadence Beyond the legal drama we analyze the shifting economics of publishing With synthetic voices driving down production costs to near zero what happens to the perceived value of a story We outline the strategies creators are using to fight back and unionize against algorithmic replication Understand the battlefield of the new creator economy See how the fight over synthetic speech is setting the legal precedent for the future of human labor in the age of AI
