**Old Norse Poetry in Performance** Brian McMahon,Annemari Ferreira,2022-05-02 This book presents a range of approaches to the study of Old Norse poetry in performance The contributors examine both eddic and skaldic poems and consider the surviving evidence for how they were originally recited or otherwise performed in medieval Scandinavia Iceland and at royal courts across Europe This study also engages with the challenge of reconstructing medieval performance styles and examines ways of applying the modern discipline of Performance Studies to the fragmentary corpus of Old Norse verse The performance of verse by characters who appear in the Old Icelandic saga tradition is also considered as is the cultural value associated not only with the poems themselves but with their various means of transmission and reception This book will be of great interest to students and scholars in the fields of Old Norse studies Performance and Theatre History

**The Origins of Beowulf** Richard North,2007-02-08 This book suggests that the Old English epic Beowulf was composed in the winter of 826 7 as a requiem for King Beornwulf of Mercia on behalf of Wiglaf the ealdorman who succeeded him The place of composition is given as the minster of Breedon on the Hill in Leicestershire now Derbyshire and the poet is named as the abbot Eanmund As well as pinpointing the poem s place and date of composition Richard North raises some old questions relating to the poet s influences from Vergil and from living Danes Norse analogues are discussed in order to identify how the poet changed his heroic sources while four episodes from Beowulf are shown to be reworked from passages in Vergil s Aeneid One chapter assesses how the poem s Latin sources might correspond with what is known of Breedon s now lost library while another seeks to explain Danish mythology in Beowulf by arguing that Breedon hosted a meeting with Danish Vikings in 809 This fascinating and challenging new study combines careful detective work with meticulous literary analysis to form a case that no future investigation will be able to ignore
