Teaching and Assessing with AI: Teaching Ideas, Research, and Reflections

Davide Girardelli, Kelly Merrill Jr , Amy Wanyu Ou, 2026-03-19

By the end of 2022 generative AI technologies based on large language models had become easily accessible and increasingly widespread As disruptive technologies their full impact and range of applications are still unfolding Education is one of the six key application areas for generative AI identified by Chiarello et al 2024 alongside human resources programming office automation social media and search engines In education generative AI offers new possibilities for teaching and assessment such as personalized tutoring automated feedback and adaptive systems e g Jensen et al 2024 However these innovations also present significant challenges that educators must navigate to ensure that all learners may benefit from them Specifically educators are called to tackle among other things the changing dynamics of teacher student communication the shifting nature of their role ethical concerns in assessment and the impact of generative AI on intercultural understanding in increasingly diverse education settings The aim of this Research Topic is to offer a platform for researchers and educators to reflect on the impact of these technological shifts on classroom culture and to share innovative pedagogical experiments that enhance teaching and assessing practices The editorial team has chosen a short paper format to capture fresh ideas conversations and pedagogical experimentations making them easily accessible to a wider audience of researchers and teachers This multidisciplinary project welcomes contributions from teachers and researchers across a variety of fields e g communication education computer science economics mathematics and biology We are particularly interested in practices with cross disciplinary relevance that can shape classroom cultures at the tertiary level The generative AI tools discussed in contributions must be available in a free or free tier version or commonly available as part of university wide enterprise licenses or similar Submissions may focus on but are not limited to the following themes effective practices and or lessons learned in integrating generative AI tools in classroom settings successful strategies for supporting teaching learning and assessment with generative AI tools real time student feedback through AI driven feedback mechanisms critical discussions on academic integrity critical thinking authorship and other ethical concerns related to generative AI in classroom teaching assessment and curriculum design advances in instructional communication and or pedagogical theories in the light of the integration of generative AI tools in classroom settings student engagement participation and collaborative learning in the AI mediated classroom educational materials instructional sources and teacher professional development in the AI mediated classroom development of knowledge and skills needed for learning in the generative AI era e g digital literacy and critical generative AI literacy critical discussions on the challenges that generative AI poses to classroom culture e g digital divide power dynamics and

intercultural inequalities the sustainability of generative AI tools in classroom settings The Topic Editors seek three types of submissions

- 1 Great Ideas for Teaching Assessing with AI GIFT AIs GIFT AIs are instructor and student tested ideas for effectively teaching and assessing a wide range of topics using generative AI The goal of GIFT AIs is to inspire educators to include and to experiment with AI in their teaching practices A GIFT AI may include a original single teaching activities b original teaching units spanning several days or weeks c original semester long projects or approaches for an entire course d systematic data driven reflection on assessment practices to monitor and support student learning and improve the quality of specific courses or overall programs GIFT AI submissions should include the following components

- 1 title begin with GIFT AI
- 2 intended course subject class size level modality duration recommended skill sets for students weekly schedule cross disciplinary relevance and other relevant information
- 3 objectives learning outcomes
- 4 theoretical rationale gamification authentic assessment collaborative learning etc
- 5 step by step implementation instructions preparation preliminary steps required learning materials etc
- 6 debriefing appraisal including any limitations and or suggested variations and reflections
- 7 references
- 8 appendix optional

The journals involved in this Research Topic accept a wide range of article types Suitable article types for GIFT AI submissions may include Brief Research Report and Technology and Code 2 Short Research Reports on Teaching Assessing with AI RESEARCH AIs RESEARCH AIs offer researchers engaged in advancing our understanding of the use of AI in educational settings the opportunity to present recent findings from a series of interconnected studies and classroom based research agendas The goal of RESEARCH AIs is to inform the scholarly community about comprehensive research programs and current research developments propose future research directions and contribute to evidence based practices for integrating AI in teaching and assessment Submissions to RESEARCH AIs should highlight how the presented findings stem from a coherent body of research that collectively addresses a unifying research question or theme RESEARCH AI submissions should include the following components

- 1 title begin with RESEARCH AI
- 2 abstract 100 200 words
- 3 introduction contextualization of the paper
- 4 main text comprehensive outline of the research agenda with discussion of relevant studies theories or models including research methodologies implemented and key findings
- 5 conclusion summarizing key points highlighting the research agenda s contributions and suggesting future directions
- 6 references
- 7 appendix optional

The journals involved in this Research Topic accept a wide range of article types Suitable article types for RESEARCH AI submissions may include Brief Research Report and Technology and Code 3 Reflections on Teaching Assessing with AI REFLECTION AIs REFLECTION AIs are reflective pieces exploring the possibility of AI in teaching and assessing practices They are intended to inspire meaningful thought provoking debates among educators also in the style of op ed REFLECTION AIs should be forward looking outlining potential trajectories in pedagogical practices and or provocative discussing critical issues These reflective pieces may be based on a variety of approaches including for instance autoethnography case studies and historical analysis and authors may include bold suggestions and proposals Reflective

pieces that critically question the inclusion of generative AI technology in the classroom are welcomed REFLECTION AI submissions may be written in first person form if relevant and should maintain a clear focus REFLECTION AI submissions should include the following components 1 title begin with REFLECTION AI 2 abstract 100 200 words 3 introduction contextualizing the reflection and presenting the specific focus guiding the reflection 4 main argument discussion of the central theme with relevant examples case studies or personal teaching experiences if applicable May include an outline of possible future trajectories critical reflections bold suggestions and innovative ideas 5 conclusion 6 references 7 appendix optional The journals involved in this Research Topic accept a wide range of article types Suitable article types for REFLECTION AI submissions may include Perspective and Opinion Word Count and Supplementary Material Submissions should be a maximum of 3 000 words excluding the abstract section titles figure and table captions funding statement acknowledgments and bibliography references The word count includes appendixes unless the selected article type allows more than 3 000 words Relevant generative AI codes and scripts mentioned in the text as well as data that are not of primary importance to the text or which cannot be included in the article because they are too large or the current format does not permit it such as videos raw data traces PowerPoint presentations etc can be uploaded as supplementary material during the submission procedure and will be displayed along with the published article For more information about the submission of supplementary material please see here Manuscript Summaries Authors are encouraged to submit a manuscript summary before submitting a full manuscript The deadline for manuscript summaries is 31 01 2025 A manuscript summary is simply a summary of the manuscript one plans to submit The Topic Editors will review all manuscript summaries and provide feedback that authors should consider when writing their full manuscript Manuscript summaries will not be published externally and there is no associated fee The maximum word count for manuscript summaries is 2000 words Formatting Style Harvard is Frontiers recommended but not mandated citation style For manuscripts reviewed and accepted for publication the production process can include changing the style to Harvard [Creative Onboarding Programs: Tools for Energizing Your Orientation Program](#) Doris Sims,2010-09-23 Revised expanded and up to the minute the leading guide to serving the modern organization s onboarding needs It s a challenge overlooked by many The need to bring recent hires into the fold smoothly effectively and rapidly And in this state of the art multi phased guide to integrating new employees into an organization Doris Sims longtime HR and onboarding guru again redefines the expectations of what effective HR training and succession management can do for your business Fully updated with new case studies of best practices from successful companies Creative Onboarding is the edge your business needs The most complete resource for helping employees do their best work from the minute they first walk in the door this book delivers an arsenal of high end strategies and skills including Activities and checklists to help focus your onboarding efforts Advice on designing and implementing programs for employees at any level that mesh with existing organizational cultures The latest tools technologies that create programs

Sample Onboarding Process Document Introduction

In the digital age, access to information has become easier than ever before. The ability to download Sample Onboarding Process Document has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Sample Onboarding Process Document has opened up a world of possibilities. Downloading Sample Onboarding Process Document provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Sample Onboarding Process Document has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Sample Onboarding Process Document. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Sample Onboarding Process Document. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Sample Onboarding Process Document, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in

unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Sample Onboarding Process Document has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Sample Onboarding Process Document Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sample Onboarding Process Document is one of the best book in our library for free trial. We provide copy of Sample Onboarding Process Document in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sample Onboarding Process Document. Where to download Sample Onboarding Process Document online for free? Are you looking for Sample Onboarding Process Document PDF? This is definitely going to save you time and cash in something you should think about.
