Larsen, **Philosophy and the Flow of Presence** Stephen J. Costello,2014-07-18 This book is a philosophical exploration of desire drama and the divine Ground of being that pays particular attention to Eric Voegelin s symbol of the flow of presence in our lives It shows how this Flow may be impeded by anxiety or depression and how the solution involves attending to the meaning of the moment living meditatively in the present and discerning the divine desire Dr Costello s guides on this personal quest aside from Voegelin whose thought provides a philosophical framework for his exploration are Goethe Iris Murdoch Etty Hillesum and St Ignatius of Loyola [Etty Hillesum and the Flow of Presence](#) Meins G. S. Coetsier,2008 Although she died cruelly at Auschwitz at the age of twenty nine Etty Hillesum left a lasting legacy of mystical thought in her letters and diaries Hillesum was a complex and powerful witness to the openness of the human spirit to the call of God even under the most harrowing circumstances Her life was as much shaped by Hitler s regime as was that of philosopher Eric Voegelin and as Meins Coetsier reveals her thought lends itself to interpretation from a uniquely Voegelinian perspective *Etty Hillesum and the Flow of Presence* analyzes the life and writings of Hillesum from the standpoint of Voegelin s views on consciousness especially his philosophy of luminous participation in the transcendent ground of being Through a careful reading of her letters and diaries Coetsier reveals the inner development of Hillesum s mystically grounded resistance to Nazism as he guides readers through the symbolism of her spiritual journey making effective use of Voegelin s analytics of experience and symbolization to trace her path to spiritual truth Intertwining the lives works and visions of these two mystical thinkers Coetsier demonstrates his mastery of both Voegelin s philosophy and Hillesum s Dutch language materials He shows how mystical attunement to the flow of presence Voegelin s designation for human responsiveness to the divine is the key to the development of Hillesum s life and writings He displays a special affinity

for the suffering and grace filled transformation that she underwent as she approached the end of her life and gained insight into the ultimate purpose of each individual's contribution to the well being and maintenance of the human spirit Retrieving one of the lesser known but most compelling figures of the Holocaust Etty Hillesum and the Flow of Presence is an original contribution to both Voegelin and Hillesum scholarship that reflects these writers strong valuation of the human person It presents Hillesum's life and work in an original and provocative context shedding new light on her experiences and their symbolizations while further broadening the application of Voegelin's thought

A Modern Man's Theology Washington Gladden, 1914

Nuclear Madness Ira Chernus, 1991-01-01 This book builds on Robert Jay Lifton's theory of psychic numbing and takes madness as a guiding metaphor It shows that public perceptions of the Bomb are a kaleidoscope of ever changing ideas and images Recent changes in public awareness only signal new symptoms of this public madness symptoms unwittingly fostered by the antinuclear movement Since the newest nuclear images follow the same psychological pattern as their predecessors they are likely to lead us deeper into nuclear madness Chernus offers new interpretations of four major theorists in the psychology of religion Paul Tillich R D Laing Mircea Eliade and James Hillman to trace the roots of nuclear madness back to the onset of modernity when the West gained technological mastery at the price of losing religious imagination and ontological security The author develops an interpretation of Lifton's own thought as an ontological and religious psychology Drawing on the work of Eliade and Hillman he goes on to suggest that madness reflects a repressed desire to transform life by opening up the floodgates of imagination A conscious cultivation of the play of imagination can lead the way through madness to sanity and peace But imagination can only respond to the nuclear threat if it is acted out in a new brand of peace activism that blends pragmatic politics with psychological and religious transformation
