Whelan,2011-05-01 We all know what WTF usually means it s an exclamation of frustration anger and an understandable reaction to the brutal new economic realities that have hit young adults harder than any other group WTF happened to promises of a bright future What happened to the jobs And what do we do now that the rules have changed Recent college grads were raised in a time of affluence and entitlement lulled into thinking that a golden future would happen Young adults with few role models to teach values like thrift perseverance and self control are ill equipped to cope with sacrifice and failure Their dismal employment prospects are merely the most visible symptom of more significant challenges Fortunately it s not too late to change course This optimistic reflective and technologically savvy generation already possesses the tools to thrive if only they learn to harness the necessary skills for success In *Generation WTF* Christine Whelan does just that Dr Whelan one of the foremost authorities on the history of the self help genre worked with more than one hundred young people to test and tweak the best old school advice and personalize it for the modern twenty something After a decade of researching the industry and years advising WTFers as they struggle to make their way in the real world Dr Whelan knows firsthand what advice works and what *Generation WTF* has to offer Rather than focusing on the frustration that WTF usually stands for Dr Whelan leads the charge to reclaim the acronym as a battle cry for a positive future *Generation WTF* will be a wise tenacious and fearless generation strengthened by purpose and hope This practical new guide will show these WTFers the way to success and instill lasting habits that will serve them well in both good times and bad *Nothing Is Impossible* Dynamo,2012-09-27 I immersed myself in magic I read every book I could get my hands on and practised and practised day

after day and night after night Magic became my world some might say an obsession When you re a kid life can seem tough tougher for some than others But the darkest of times can also be the most enlightening When his late granddad showed him magic for the first time Steven Frayne knew there was more to life than hiding from bullies He had a destiny A calling In that moment Dynamo was born the most exciting magician of the 21st century Since then Dynamo has shocked thrilled and amazed men women and children from all walks of life all over the world With his mind blowing illusions he has catalysed a whole new era of magic Now in his very first book Dynamo invites you to join him on a breathtaking journey across the globe Be prepared to levitate Lindsay Lohan in Singapore transform snow into diamonds in the Austrian mountains and walk on water across the River Thames Along the way he reveals how to make the impossible possible what it takes to pull off the greatest stunts man has seen and why everyone needs magic in their lives This is no illusion This is Dynamo revealed
